THE NATIONAL SOCIETY

OF THE

SONS OF THE AMERICAN REVOLUTION

President General R. C. Ballard Thruston, Louisville, Ky. Organized April 30, 1889 Incorporated by Act of Congress June 9, 1906

Volume IX

JUNE, 1914

Number 1

Published at the office of the Secretary General (A. Howard Clark, Smithsonian Institution), Washington, D. C., in June, October, December, and March.

Entered as second-class matter, May 7, 1908, at the post-office at Washington, D. C., under the Act of July 16, 1894.

THE OFFICIAL BULLETIN records action by the General Officers, the Board of Trustees, the Executive and other National Committees, lists of members deceased and of new members, and important doings of State Societies. In order that the OFFICIAL BULLETIN may be up to date, and to insure the preservation in the National Society archives of a complete history of the doings of the entire organization, Secretaries of State Societies and of local Chapters are requested to communicate promptly to the Secretary General written or printed accounts of all meetings or celebrations, to forward copies of all notices, circulars, and other printed matter issued by them, and to notify him at once of dates of death of members.

INAUGURAL.

The Society of the Sons of the American Revolution can now look back upon an existence of a quarter of a century. Much might be said of the results accomplished in the past, yet these derive their greatest importance as indices of the work which lies before us, and pointing out certain lines along which the greatest results may be obtained for the advancement of patriotism throughout the land.

The desirability of an increase in the numerical strength of the Society has been frequently dwelt upon as a source of influence

OFFICIAL BULLETIN

toward the accomplishment of results. This is now beginning to be realized, partly as the result of the endeavors of individual members, partly because what the Society has already accomplished attracts the active interest of others imbued with like feelings and who share our ambition to promote a higher type of Americanism. This should serve to stimulate us to even greater exertion than in the past to extend our membership to a still greater extent.

No work which the Society has ever undertaken has shown greater results, or appealed more strongly to the enlightened citizenship of this country, than that which had for its aim the elevation of our alien population, the teaching of what Americanism consists. This work deserves to be prosecuted with greater earnestness than ever before, and the conditions which prevail may render it desirable to extend that work to some of the social and economic tendencies which are appearing.

Some progress has been made in the organization of local Chapters. Wherever practicable, this spirit is worthy of encouragement. It is the most efficient means of crystallizing sentiment for local patriotic work.

Researches along historical and genealogical lines have shown the extent of the destruction or dissipation of valuable records of the past. If this waste is not to continue increasingly, prompt action must be taken to arrest it. This can best be done by the creation at the Capital of the Nation of an archive building, wherein such papers and records may be preserved safe from the ravages of time. Thus, and thus only, may we preserve for the generations to come after us, and for the verity of history, the important documents which tell the story of the nation, its beginnings and its growth. And not only for the study of history is there need of a National Archives Building, but it is also in urgent demand for the present and future good of our country in the daily administration of military and civil affairs. Valuable time is constantly being lost and dangerous delay occasioned in search for data of the past required for immediate use and which should be available at all times. The construction of such a building can and will become an accomplished fact if we one and all bring our influence to bear for this end.

CELEBRATION OF WASHINGTON'S JOURNEY IN 1775.

The Executive Committee of the National Committee on the Celebration of Washington's Journey from Philadelphia to Cambridge in 1775 were the guests of President Wilson H. Lee, of the Connecticut Society, at his home at Orange, near New Haven, on April 22, when plans for the erection of tablets and for local ceremonies along the route and general details of the pilgrimage were considered. Mr. Henry F. Punderson of Springfield was chosen as Chief Marshal, with authority to appoint his aids. The Secretary General was authorized to prepare and have printed 1,000 copies of a pamphlet giving an account of Washington's journey, to include colored illustrations of military uniforms of that period.

On Saturday evening, May 16, the President General entertained the entire National Committee on Washington's Journey and many of the members of the local committees at dinner at The Onondaga Hotel, Syracuse. After the dinner there was a full discussion of plans for the celebration, reports being made by the several committeemen representing the States of Pennsylvania, New Jersey, New York, Connecticut, and Massachusetts, through which the pilgrimage will pass from June 23 to July 2. The pamphlet account of the journey authorized by the Executive Committee at its meeting on April 22 was presented to the committee. This illustrated pamphlet may be obtained from the Secretary General at 50 cents a copy, the cost of manufacture.

The program for the celebration has been completed. Ceremonies in the several States along the route will be in charge of large local committees appointed by the State Societies. The first formal function will be a banquet at the Bellevue-Stratford Hotel, Philadelphia, on June 22, to commemorate the farewell dinner given to Washington on the eve of his departure for Cambridge. On the morning of the 23d the automobile pilgrimage will start for Trenton, where the party will be received by the Governor of New Jersey. At New York, on the 26th, there will be a banquet at the Hotel Martinique. Tablets will be dedicated at many places along the route with appropriate exercises. The celebration will conclude with a banquet at the Hotel Somerset, Boston, on the evening of July 2, and exercises at Cambridge on July 3 to commemorate Washington's taking command of the American forces before Boston on July 3, 1775.

MINUTES OF MEETING OF THE EXECUTIVE COMMITTEE, MAY 18, 1914.

A meeting of the National Executive Committee, duly called by direction of the President General, was held at The Onondaga Hotel, Syracuse, N. Y., at 9 o'clock a. m., May 18, 1914, and formally acted upon various matters considered at an informal conference of the committee on the evening of May 17.

Those present were: President General Thruston, Hon. Henry Stockbridge of Maryland, Commander John H. Moore, U. S. N., of District of Columbia, Mr. Elmer M. Wentworth of Iowa, and, by invitation, Treasurer General Burroughs, Secretary General Clark, and Mr. Newell B. Woodworth of Syracuse.

The minutes of the meeting of November 25 were approved.

The President General announced the death, on April 17, 1914, of former President General Richardson, a member of this committee, and stated that a tribute to his memory would be duly presented to the Congress.

A communication was considered requesting co-operation with another organization in the education of aliens, and it was referred to the Committee on Information for Aliens.

Suggested changes in the form and wearing of the insignia were considered and referred to the next Board of Trustees.

The Treasurer General reported on the condition of the Society's funds.

The President General, as chairman of the Committee on the Celebration of Washington's Journey, reported on the plans adopted for the pilgrimage over the route and for local ceremonies, and submitted a pamphlet giving an account of the journey in 1775.

Commander Moore, as chairman of the Committee on Information for Aliens, reported on the work of the year and outlined plans for future work to be submitted to the Congress and the incoming Executive Committee.

After informally discussing various recommendations to come before the Congress, the committee adjourned.

ABSTRACT OF PROCEEDINGS OF SYRACUSE CONGRESS, MAY 18 AND 19, 1914.

The Twenty-fifth Annual Congress of the National Society of the Sons of the American Revolution was called to order in regular session in the Assembly Hall of The Onondaga Hotel, Syracuse, N. Y., at 10 o'clock a. m., Monday, May 18, 1914, President General Rogers Clark Ballard Thruston presiding. The Congress was opened with prayer by Chaplain General Whitaker.

Mayor Louis Will welcomed the members of the Congress to Syracuse.

The American flag and the Society banner were formally brought to the platform and saluted.

President Newell B. Woodworth of the Syracuse Chapter delivered an address of welcome, in which he reviewed the historical interest of the region as the place where stood the council house of the first American democracy, the Iroquois League or Federation of Six Nations, marked by a greater degree of representative government than was ever attained by any other civilized race. "Here the Iroquois possessed the very fundamental conditions which caused nations to become great."

The President General presented to Mr. Woodworth for the Syracuse Chapter a gavel made in the form of a hatchet of Colonial days from the wood of a cherry tree grown at Wakefield, Va., the birthplace of George Washington. A similar gavel, presented to the National Society, was used in conducting the Congress, and, later, one of these hatchet gavels, suitably inscribed, was presented to each State Society with interesting ceremonies.

THE PRESIDENT GENERAL presented his annual report on the conditions and needs of the Society. He reported a gratifying increase in membership, 26 per cent above the annual average of the past decade, due to the admirable work of the State Societies in interesting not only members, but also others, in the work of the organization; so that it is looked upon as a privilege to join forces with the Sons of the American Revolution. He recommended more active work by the Vice-Presidents General, and that they be so distributed over the country that each may cover a certain territory, and that special invitations be extended to each to attend meetings and banquets in his section.

He stated that, although he had traveled from Michigan to Louisiana and from Massachusetts to Nebraska, and visited 16 to 18 Societies, yet he had found it impossible to accept all the invitations extended to him.

Attention was called to the work of the several committees, particularly that of the Committee on Information for Aliens. The establishment of a government archive building in Washington was referred to as of the greatest importance.

The original manuscripts in which are recorded the history of the governmental affairs since the foundations of the nation are in a most deplorable condition, scattered about the Capital City in garrets, base-

ments, sub-cellars, warehouses, old theatrical buildings, "in any old place the government can rent for storing these archives." It is the duty of this Society, in co-operation with other patriotic and historical societies, to wake the nation's legislators to a sense of their duty to future generations to preserve these most important records from destruction.

He recommended the appointment of a committee to formulate more uniform regulations in the wearing of the insignia, both the badge and the rosette.

THE CREDENTIAL COMMITTEE, Mr. E. M. Hall, Jr., chairman, reported 153 accredited members in attendance, including 8 General Officers, 6 ex-Presidents General, and 139 delegates from California, Colorado, Connecticut, District of Columbia, Idaho, Indiana, Illinois, Iowa, Kentucky, Maine, Maryland, Massachusetts, Michigan, Missouri, New Jersey, New York, Ohio, Oregon, Pennsylvania, Rhode Island, South Dakota, Tennessee, Virginia, and Washington.

The President General introduced to the Congress Hon. Lucius P. Deming, the first President General of the Society, elected April 30, 1889, who spoke of his great pleasure in attending the Congress and his gratification at its growth, the great work it had done, and its present splendid condition.

THE REPORT OF THE BOARD OF TRUSTEES and Executive Committee was read by the Secretary General, giving an abstract of business transacted during the year.

THE TREASURER GENERAL'S REPORT showed that the cash balance on hand May 14, 1914, in the General Fund was \$9,199.03. The receipts of the year in the General Fund were \$7,885.44 and the general disbursements \$6,701.76. The Permanent Fund has been increased to \$6,000, invested in 4 and 4½ per cent bonds. The total assets on May 14, 1914, were \$15,199.03, as compared with \$13,509.39 on May 15, 1913; \$12,007.34 on May 14, 1912, and \$11,183.86 on April 25, 1911. The Auditing Committee and the Committee on Investments reported examination of the Treasurer's accounts and records of investments, and their reports, together with that of the Treasurer General, were accepted.

THE SECRETARY GENERAL reported that the twenty-fifth year of the Society had been the most active in its history, both in the work of the National Society, through its various national committees, and in the State Societies and Chapters. Four issues of the OFFICIAL BULLE-TIN were published and sent to every member at a total cost of \$1,860.27, or \$140 within the appropriation therefor. The National Year Book was published in an edition of 800 copies for the usual official distribution, and about 750 additional copies were sold to State Societies and Chapters at 25 cents per copy, delivered at an extra expense of \$100 to the National Society. Four medals were awarded during the year to compatriots for service in the war with Spain, making a total of 723 medalists honored since this medal was established, in 1899, on the first anniversary of the battle of Manila Bay under Compatriot Admiral Dewey.

The Secretary General briefly reviewed what the Society had accomplished since its organization, in 1889, in the erection of hundreds of monuments and tablets, the preservation of historic buildings, establishments of parks on Revolutionary battlefields, the promotion of patriotic study in schools and colleges, the observance of Flag Day, the education of aliens in good citizenship, in the preservation and publication of records of the Revolution, and many other important activities.

He called attention to the celebration of Washington's Journey to Cambridge in 1775 as a fitting observance of the completion of twentyfive years of patriotic endeavor by the Society and as an admirable means of arousing local interest in the history of the Revolutionary War.

PEACE RESOLUTION.—On motion of ex-President General Pugsley, / the following resolution was unanimously adopted :

Resolved, That the National Society of the Sons of the American Revolution in Congress assembled at Syracuse, N. Y., most heartily commend the endeavors being made in the interests of peace. We believe that peace with honor should be most earnestly sought, but not peace at any price, and we sincerely hope that through mediation war may be averted and nations now at variance with*one another may be blessed with peace within their borders.

THE REGISTRAR GENERAL reported a total enrollment of 25,561 members during the past quarter of a century and a present active roll of 13,192 members, after deducting all losses from deaths and other causes. The number of new members registered since the last Congress was 1,110, an increase of nearly 200 over the preceding year, and the largest number registered in a single year in the Society's history. Massachusetts has the largest active membership, 1,600, followed by the Empire State, 1,440; Connecticut, 1,142; Illinois, 877; New Jersey, 763; Pennsylvania, 586. The greatest numbers of new members were 172 in New Jersey, 162 in Illinois, 79 in Massachusetts, 74 in the Empire State, and 60 in Pennsylvania. Idaho grew from 37 to 60 members. An increasing number of young men are becoming members, indicating the permanency of the organization. The average age of a large number of new members was found to be 43 years, with about 70 per cent under 50 years. The losses of the year included 237 deaths, as compared with 259 the preceding year. Among the deaths were the last President General, James M. Richardson; former Vice-President General, Simon Bolivar Buckner; former Vice-President General, Truman G. Avery, and former Vice-President General, ex-Senator Thomas W. Palmer. There were issued 659 engrossed certificates of members, more than in any previous year. Attention was called to progress made in publishing rolls of soldiers of the Revolution, Virginia having added a supplemental volume to the index of 1912.

THE WASHINGTON GUARD of the New Jersey Society was explained by President John Lenord Merrill as an organization composed of sons of members or other eligible boys of any age from infancy to 21 years, formed to secure the interest of the young in the work of the Society and to impress their growing minds with the importance of its objects and aims. When a member is elected in the Sons of the American Revolution he sends in his son's name, and the boy is enrolled in the Washington Guard. A number of boys during the past year have become of age and joined the Society. About 300 boys have so far been enrolled. Every member records his name through the Secretary's office of the State Society. The Guard is chartered by the State Society and is controlled by a committee which attends to the rules and regulations of the Guard. The boys have their own button of the Sons of the American Revolution colors. Membership certificates are now in preparation. There is no initiation fee or dues, but the Guard is maintained by the State Society. A trip of the Guard on a special train to Valley Forge is planned to take place in June.

Mr. Herman W. Fernberger of the Pennsylvania Society offered to present at the next Congress an American flag, with a streamer attached, "Washington Guards, S. A. R.," to the New Jersey Society, to be in their custody for one year, for organizing this Guard, and thereafter the flag to go to the State enrolling the largest number of members in the Washington Guard in that State. A vote of thanks was extended to the donor for this gift.

THE HISTORIAN GENERAL in his report reviewed the patriotic work of State Societies and Chapters during the year and mentioned, as a most notable demonstration of applied patriotism, the gift of \$300,000 to Chicago University by Compatriot Vice-President General La Verne Noyes, in memory of the late Mrs. Noyes, a leading worker among the Daughters of the American Revolution. The hall provided for by this generous gift is to be used for social-center work and as a gymnasium for young women.

THE CHAPLAIN GENERAL, Dr. Whitaker, reported that he had a number of invitations to visit State Societies. He gave an interesting account of the historic church of which he is pastor in Elizabeth, which will observe its 250th anniversary in October, and invited members of the Society to attend.

AFTERNOON SESSION, MAY 18.

THE TRAVELING BANNER was awarded to the New Jersey Society, which had made the greatest percentage of net gain among Societies of 100 members or more. The presentation was made by Dr. Clarkson N. Guyer of Colorado, and acceptance by President Merrill of New Jersey.

THE PRIZE INSIGNIA was also awarded to the New Jersey Society, which elected 21 sons of members out of a total of 65 reported by all the States. The presentation address was made by President Jenks of Illinois, and acceptance by Dr. Richards, Registrar of the New Jersey Society.

Mrs. WILLIAM CUMMING STORY, President General of the Daughters of the American Revolution, was formally presented to Congress and delivered a patriotic address on the work of that organization, particularly in the erection of their Memorial Continental Hall in Washington, which the Sons of the American Revolution were courteously invited to use when an Annual Congress shall be held in that city. President General Thruston fittingly responded to Mrs. Story's address.

THE MEMORIAL COMMITTEE, William Clinton Armstrong of New Jersey, chairman, stated the progress made toward the preparation of a memorial volume on the Signers of the Declaration of Independence. The Pennsylvania, Rhode Island, and Maryland Societies have issued pamphlets giving accounts of the graves of the Signers, with brief biographies, and in the Year Books of the Empire State and the New Jersey Societies reports have been given on the burial places of Signers in those States. An alphabetical list of the 56 Signers was presented by the committee, with a concise statement concerning the burial places of each, when known. One of the Signers perished at sea, eight have been re-buried and appropriate monuments erected to their memory. The burial places of several have not been located. In some cases the cemetery is known, but not the exact spot, the wooden markers having

disappeared, and in some instances the tombstones have been removed and used for doorsteps or building purposes. The committee recommends that the National Society prepare a memorial volume with adequate biographies of the Signers and appropriately illustrated.

On motion of Judge Stockbridge, the following resolution was adopted:

Resolved, That for the ensuing year the Memorial Committee be increased in number to thirteen, one to be selected from or to act in behalf of each of the original thirteen colonies where there is no State Society, and that said committee be specially charged with the duty of accurately ascertaining the location of the graves of each one of the Signers of the Declaration of Independence or how many and whose are not ascertainable, and that it further obtain estimates of the cost of publishing a suitable illustrated volume with regard to them, similar in general form to the monographs issued by the Pennsylvania, Rhode Island, and Maryland Societies.

THE COMMITTEE ON ORGANIZATION, NORTH AND WEST, Mr. R. H. Fyfe of Michigan chairman, reported that much had been accomplished by correspondence and by timely suggestions and encouragement. Efforts were directed toward promoting permanent interest in the Societies, particularly through the organization of local Chapters, in order that eligible citizens may feel it a real honor to become members and help to advance its activities.

THE COMMITTEE ON ORGANIZATION, SOUTH, Mr. William K. Boardman of Tennessee chairman, reported progress in work in the Southern States, and expected to organize a Georgia Society at an early date. He announced the recent enrollment in the Tennessee Society of a son (90 years old) of Joseph Greer, "Kings Mountain Messenger," who carried the news of the battle of Kings Mountain to Philadelphia.

THE COMMITTEE ON EDUCATION, Dr. Clarkson N. Guyer, chairman, reported the death of the late chairman of the committee, Prof. Alcée Fortier, President of the Louisiana Society, who had anticipated making a broad campaign of patriotic education during the year. Dr. Guyer reported particularly on some great patriotic celebrations in Denver, participated in by representatives of many different nationalities of students in the public schools.

THE FLAG COMMITTEE reported on its efforts to secure Federal legislation to prevent the desecration of the national flag. The committee recommends that children in the public schools of the country be taught the history of the American flag and its meaning. Several instances were reported where thoughtless disrespect to the flag in advertisements had been abated. General Reade of Massachusetts called attention to difficulties in prosecuting offenders under the flag laws enacted by the States and the importance of having a Federal law. "The United States of America is the only civilized nation that has not by national legislation protected its own insignia." For more than twenty years patriotic societies have unsuccessfully pleaded with Congress to enact a Federal law to prohibit the desceration of the "Stars and Stripes."

FLAG SALUTE.—A resolution was adopted favoring the uncovering of the head as the most becoming salute to the flag.

THE COMMITTEE ON INFORMATION FOR ALIENS, Commander John H. Moore, U. S. N., chairman, submitted its seventh annual report, stating that the National Society leaflets continue in demand throughout the country, particularly in night schools. Many thousands of additional copies in the several languages were printed during the year. Several thousand copies of Leaflet No. 1 in different languages were recently sent by request to one of the Western States, where great industrial unrest prevails. Particular attention was called to paragraph 5 in that leaflet as follows:

5. Liberty does not mean that any one can do whatever he pleases. No one is permitted to steal, kill, cheat, or defraud another. By liberty is meant that so long as a person obeys the laws of the country, which are made by the people, he is free to follow such calling as he chooses; to worship God in such form as he believes to be the best; to be protected in his person from assault by others or imprisonment by officials; and to be protected in the possession and enjoyment of any property which may be honestly his.

This country is one of law, and those laws are made by men chosen by the people, and every one, rich or poor, high or low, powerful or weak, is governed by the same law and protected by the same law. The President of this country must obey that law just the same as you will be required to obey it.

Commander Moore urged that the function of naturalization be made as impressive as possible. He related an occasion of this kind in Chicago, when a large hall was engaged and decorated with flags, music was provided, and after patriotic speeches and songs Judge Landis officially summoned all the aliens who were prepared for citizenship to come forward, when they were lined up, and all raised their hands and took the oath to defend the Constitution.

On motion of Judge Stockbridge, the recommendation that the ceremony of naturalization of aliens be made more impressive was referred to the Executive Committee, with instructions to take appropriate action with reference thereto.

THE COMMITTEE ON PENSION RECORDS, Colonel Kniffin, chairman, reported that the specific work entrusted to the committee is completed, the claim papers have all been flat filed, and it is now possible for the U. S. Pension Bureau promptly to give intelligent replies to all inquiries relating to soldiers of the Revolution, provided they or their widows applied for pension.

THE JEFFERSON MEMORIAL COMMITTEE, Admiral Baird, chairman, reported on the status of a bill before Congress for a memorial to Thomas Jefferson proposed to be erected in the city of Washington. The large number of bills under consideration for statues and other memorials has delayed final action on the Jefferson bill.

WEARING OF INSIGNIA.—On motion of President Merrill of the New Jersey Society, it was

Resolved. That in accordance with the recommendation of the President General, a committee of three members be appointed by the President General to confer with other patriotic societies or their duly authorized representatives for the purpose of securing uniformity among all patriotic societies in the regulations governing the wearing of the insignia, said committee to report to the Executive Committee for such action as it may deem proper.

STATE SOCIETY REPORTS were presented by the Secretary General, and it was ordered that the usual procedure be followed therewith in their publication entire or in abstract in the National Year Book, and that recommendations therein not already considered by the Congress be referred to the Executive Committee.

The Congress then adjourned to Tuesday morning.

SESSION OF TUESDAY, MAY 19.

The Congress reconvened Tuesday morning, May 19, at 9 o'clock, the President General presiding. "America" was sung, followed with prayer by Chaplain General Whitaker. The colors were presented and saluted.

WASHINGTON'S JOURNEY IN 1775.—The President General, as chairman of the Committee of Fifteen on the Celebration of the 130th Anniversary of Washington's Journey from Philadelphia to Cambridge in 1775, reported on general plans formulated by the committee, and called upon the committeemen from each of the five States on the route to explain details of the celebration. Mr. Punderson, the Chief Marshal of the Pilgrimage, announced the general itinerary, and details for the States were explained by Mr. Fernberger for Pennsylvania, Mr. Pierson for New Jersey, Mr. Heffley for New York, General Bradley for Connecticut, and General Reade for Massachusetts. (The plans have been outlined in previous issues of the OFFICIAL BULLETIN and need not be here repeated.)

The President General submitted to the Congress an illustrated pamphlet giving an account of Washington's journey in 1775, which had been prepared by the Secretary General under direction of the committee.

THE COMMITTEE ON MILITARY AND NAVAL RECORDS, Brigadier General George Andrews, U. S. A., chairman, reported on work accomplished under act of Congress, approved March 3, 1913, making appropriation for copying and classifying, with a view to publication, the scattered military and naval records of the Revolutionary War. In the War Department the work has been in charge of Adjutant General Andrews, and in the Navy Department in charge of Mr. Charles W. Stewart, Librarian. The task has been found to be much greater than at first supposed, and, although much progress has been made, the field of investigation cannot be extended without the assurance of adequate funds. The report was read by General Philip Reade of Massachusetts, a member of the committee, who prefaced it with a general statement of the character of the work and its very great importance, and expressed his regret at the failure up to this time to secure an appropriation for its continuance.

On motion of Colonel Wood of Idaho, it was voted that a committee be appointed by the President General to memorialize the Congress of the United States on behalf of the Annual Congress of the Sons of the American Revolution to the end that sufficient funds may be appropriated for the completion of the work undertaken under act of March 3, 1913, for the copying and classifying, with a view to publication, the scattered military and naval records of the Revolutionary War.

STAR-SPANGLED BANNER CENTENNIAL.—On motion by Judge Stockbridge, the Congress

Resolved, That the National Society of the Sons of the American Revolution cordially approves of the celebration, in September next, of the Centennial of the Writing of the Star-Spangled Banner, and that it recommends to the State Societies participation therein as far as practicable.

TRIBUTE TO JAMES M. RICHARDSON.—Compatriots Nathan Warren, E. M. Wentworth, and E. M. Hall, Jr., were appointed a committee to prepare a tribute to the memory of the late James M. Richardson, the last President General of the Society, who died April 17, 1914, and

submitted a preamble and resolution which were adopted. The preamble will appear in the National Year Book. The resolution was as follows:

Resolved, That we express our sorrow in the departure of an associate earnest in the purposes and patriotic work of the Sons of the American Revolution, a man of genial personality in social life and of executive ability in official position, and that we respectfully tender to the members of the family of our late compatriot our sincerest sympathy in their great bereavement.

WASHINGTON MONUMENT.—Admiral Baird of the District of Columbia suggested to the Congress the propriety of the Sons of the American Revolution placing a memorial stone in the Washington Monument in the Capital City, and that subscriptions of ten cents each be made by the members of the Society for that purpose.

CENSUS RECORDS OF 1820.—President Frederick C. Bryan of the District of Columbia Society presented the following resolution, and it was adopted:

Resolved, That the National Society of the Sons of the American Revolution be requested to memorialize Congress to authorize and direct the Director of the Census to prepare and publish in permanent form, by counties and minor civil divisions, the names of the heads of families as returned by the census reports of 1820 in the same form as was followed in the publication of the census reports of 1790, and to furnish the same to interested parties on the same terms as those that governed the publication and sale of said reports of 1790.

INVITATIONS FOR 1915 CONGRESS.—Col. J. C. Currier and Mr. Charles S. Greene presented invitations from the California Society, and telegrams were received from the Mayor of San Francisco, the Chamber of Commerce, and the Convention League, inviting the Congress to meet in that city in 1915. Vice-President General McCamant of Oregon and President M. W. Wood of the Idaho Society presented, on behalf of the Oregon, Washington, Idaho, Montana, Utah, and Colorado Societies, their united invitation to the Congress to meet at Portland, Oregon.

Under the provisions of the Constitution, the invitations were referred to the Board of Trustees for action.

INVITATION FOR 1916 CONGRESS.—A telegram from President Leland Hume of the Tennessee Society was presented inviting the Congress of 1916 to meet at Nashville, which was referred to the Trustees.

ELECTION OF OFFICERS being in order, ex-President General Stockbridge of Maryland nominated Mr. Rogers Clark Ballard Thruston for President General. The nomination was seconded by Mr. Newell B. Woodworth in behalf of New York, President Chancellor L. Jenks of Illinois, Dr. Clarkson N. Guyer of Colorado, Mr. Seymour C. Loomis of Connecticut, ex-President General Hancock of Pennsylvania, President M. W. Wood of Idaho, President J. Rollin Morgan of Indiana, and President J. B. Hundley of Kentucky. Upon motion by ex-President General Pugsley, the Secretary General was authorized to cast a unanimous ballot for Mr. Thruston, and he was declared to be elected President General.

Secretary General and Registrar General Clark, Treasurer General Burroughs, Historian General Pierson, and Chaplain General Whitaker were each unanimously re-elected.

The Secretary General was directed to express the thanks of the Board to the California Society for its cordial invitation to meet in San Francisco in 1915.

The thanks of the Board were also ordered to be extended to the Tennessee Society for its invitation to meet at Nashville in 1916, and this invitation was referred to the next Board for action.

The thanks of the Board were ordered to be extended to Mrs. William Cumming Story, President General of the National Society of the Daughters of the American Revolution, for her courtesy in offering the use of Memorial Continental Hall when the Sons of the American Revolution may hold a Congress in the city of Washington.

The Board approved the following nominations by the President General for members of the Executive Committee: Mr. R. C. Ballard Thruston, President General, chairman, *ex officio*; Mr. Albert M. Henry of Michigan; Mr. Wilson H. Lee of Connecticut; Mr. Elmer M. Wentworth of Iowa; Mr. Thomas Wright Williams of New Jersey; Mr. George Twyman Wood of Kentucky; Mr. Newell B. Woodworth of New York.

It was voted that the usual contribution of \$500 be authorized to be paid by the Treasurer General toward the expenses of the Congress of 1015, to be held at Portland, Ore. It was voted that the OFFICIAL BULLETIN be continued as heretofore, and an appropriation of \$2,000, or so much thereof as may be necessary, was made for that purpose.

The Secretary General was instructed to have printed an edition of 800 copies of the National Year Book for 1914 for the usual distribution to General Officers, Trustees, delegates attending the Syracuse Congress, officers of State Societies, each local Chapter, and the chairmen of National Committees, and the designated list of libraries, together with such additional number as shall be subscribed for by the various State Societies and Chapters for the use of their members, before the first day of July next; and that the price of the said year books so printed upon the orders of State Societies and Chapters shall be twenty-five cents per copy.

The Secretary General was directed to issue notice to State Societies and Chapters that the National Year Book for 1914 will be furnished to them upon their order at 25 cents per copy, and that all such orders must be in the hands of the Secretary General on or before the first day of July next, otherwise their orders cannot be filled.

An appropriation of \$1,200, or so much thereof as may be necessary, was authorized for the publication of the Year Book.

It was voted that the Executive Committee be empowered to act on such matters referred to the Board of Trustees by the Congress, or such new business as, in the judgment of the President General, may not require the action of a meeting of the Board.

•After consideration, the Board voted to non-concur in a recommendation of the Illinois Society "that committee reports be presented and considered in Executive Committee meetings rather than at the Annual Congress, and that the Congress be made chiefly an occasion for general patriotic inspiration."

Several recommendations in the annual reports of State Societies were referred to the Executive Committee.

There being no further business, the Board then, at 1.50 o'clock, adjourned.

A. HOWARD CLARK, Secretary General.

MINUTES OF MEETING OF EXECUTIVE COMMITTEE, MAY 20, 1914.

A meeting of the Executive Committee, nominated by the President General and approved by the Board of Trustees on May 19, was held at The Onondaga Hotel, Syracuse, at 9 o'clock a. m., Wednesday, May 20, 1914.

Present: President General Thruston, Mr. Albert M. Henry of Michigan, Mr. Elmer M. Wentworthh of Iowa, Mr. Thomas Wright Williams of New Jersey, and Mr. Newell B. Woodworth of Syracuse, N. Y.; also Vice-President General Moore and Secretary General Clark.

It was voted that the First Vice-President General, the Treasurer General, and the Secretary General be invited to be present at meetings of the committee.

The following appropriations, or so much thereof as may be necessary, were voted: For the use of the Committee on Information for Aliens, \$500; for printing additional copies of the authorized pamphlet on "Purposes and Objects of the Society," \$100; for expenses of the Committee on Organization, \$150; for contingent expenses of the national committees, \$100.

The Treasurer General was authorized to pay the necessary expenses incurred by the Secretary General and Registrar General in connection with the conduct of his office, together with the usual compensation to the said Secretary General and Registrar General, all bills therefor to be first approved by the President General.

The Committee on Information for Aliens was authorized to prepare a Leaflet No. 4 on Socialism. It was recommended that State Societies endeavor to institute a greater degree of formality and a more impressive ceremony in the courts in connection with the naturalization of aliens as citizens, in order that they may feel the importance of their adoption into the body politic of the United States.

The committee considered the following recommendation in the annual report of the Illinois Society, referred to the Executive Committee by the Board of Trustees: "That the National Society employ a Traveling or Field Secretary, who shall, under the direction of the Executive Committee, devote his entire time to field work among the State Societies, inspiring, stimulating, and energizing their work, setting up new objectives, reviving flagging interest, keeping the Societies keyed up to the highest degree of usefulness, and organizing new Societies and Chapters." And it was voted that the finances of the National Society will not permit the employment of such a person at this time. After consideration of a recommendation by the Illinois Society that the official rosette "be so modified as to be manufactured in a permanent enamel form," it was voted that the Executive Committee deem it inadvisable to authorize a change from the present form, in view of the general prevailing custom among patriotic societies of wearing rosettes of silk, while fraternal societies as a rule have adopted rosettes of metal.

It was voted that the committee deems it impracticable to adopt a recommendation of the Illinois Society involving a modification of annual dues to the National Society in certain cases of non-resident membership in State Societies.

The President General was authorized to appoint such special committees as he may deem advisable or to discontinue any of the present special committees.

The President General was authorized, at any time when he shall so desire, to submit by mail or telegraph any matter requiring the action of the Executive Committee to the several members thereof, and that any vote so taken by mail or telegraph shall have the same force and effect as if the Executive Committee had been convened in special session and action taken at such specially called meeting.

There being no further business, the committee then, at II o'clock, adjourned.

A. HOWARD CLARK, Secretary General.

SOCIAL AND OTHER FUNCTIONS AT SYRACUSE.

On Sunday afternoon, June 17, preceding the Congress, services were held at the First Presbyterian Church in connection with the presentation of a flag to the church by President General Thruston. Delegates and members of the Syracuse Chapter were escorted from The Onondaga Hotel to the church by a battalion of cadets from the Manlius schools and a detail of Company C, Third Infantry, New York National Guard, as a color guard. The parade halted at the Soldiers' Monument while the President General placed a wreath thereon.

The ceremonies at the church included an address by President Woodworth, giving the flagstaff into the custody of the trustees of the church, presentation of the flag to the church by President General Thruston, acceptance of the flag and staff by the trustees, and a sermon by Chaplain General Whitaker on "The Meaning of Our Tricolor." After the ceremonies in the church, the flag was lowered with military salute amid the strains of the "Star-Spangled Banner."

Thirty flags, representing the evolution of the Stars and Stripes, were used in decoration of the lobby of The Onondaga, the series including replicas of flags of the Colonies and other designs used by President General Thruston in an address on the Flag which he has delivered on several occasions throughout the country.

At 8 o'clock on Monday evening patriotic exercises were held at Lincoln Hall. President General Thruston presided, and in his introductory remarks reviewed the history of the American flag. He showed how the colors of the United States came through the English merchant marine flag, how the flag had been modified into stripes, and how the stars were added to the canton. Vice-President General McCamant of Oregon delivered an address on "The West and American Solidarity," in which he made a strong plea for greater solidarity of the American nation, devoted to it as a whole, and not as a group of States or sections.

At 9 o'clock there was a reception to delegates and ladies at The Onondaga by the Syracuse Chapter, when about 800 persons were entertained at supper and dancing. In the receiving line were President Woodworth of the Syracuse Chapter, President General Thruston, Mrs. William Cumming Story, President General of the Daughters of the American Revolution; A. Howard Clark, Secretary General; Mrs. Clark, Honorary Vice-President General of the Daughters of the American Revolution; Louis Annin Ames, President of the Empire State Society, and Mrs. Charles E. Crouse, Regent of Onondaga Chapter of the Daughters of the American Revolution.

Ladies attending the Congress, about 60 in number, were entertained at luncheon on Monday by the Onondaga Chapter of the Daughters of the American Revolution. Mrs. William Cumming Story was one of the guests of honor; about 120 ladies were present. Remarks were made by Mrs. Story and others, including Mrs. A. Howard Clark, Honorary Vice-President General and one of the original organizers (No. 16) of the "Daughters."

On Tuesday afternoon the delegates and ladies, in fifty automobiles, were given a forty-mile ride through the beautiful region to the eastward of Syracuse. A stop was made at the Manlius schools, when President General Thruston presented to the cadets a silk flag. The ceremonies included dress parade and military maneuvers. At the Country Club, near Syracuse, there was a reception and tea in honor of the Congress.

On Tuesday evening there was a banquet to delegates at The Onondaga, attended by about 250 members and guests. The ladies were entertained at a banquet in an adjoining hall, and at the conclusion of the two dinners all were assembled in the larger room and listened to addresses by President General Thruston, President Woodworth of the Syracuse Chapter, Mr. Charles E. Ogden of Rochester, Hon. Job E. Hedges, Dr. William K. Wickes, and by Mr. William Nottingham, who presided as toastmaster. The souvenir of the banquet was a miniature bronze replica of the Minute Man of Concord as represented on a tablet erected by the Syracuse Chapter on one of the public buildings in that city.

President Luther Atwood presided at the meeting, when reports were made by the Secretary and Treasurer. The present membership of 1,606 includes four real sons of soldiers of the Revolution. The practice of marking the graves of Revolutionary soldiers was begun by this Society in 1893. The Treasurer reported receipts for the year, \$4,021, and expenditures \$3,999. The Permanent Fund is now \$7,600. Officers elected were: President, Luther Atwood, Lynn; Vice-Presidents, Frank Ernest Woodward, Wellesley Hills; Vernon Ashley Field, Chelsea; John MacDuffie, Ph. D., Springfield; Secretary and Registrar, Herbert Wood Kimball, Waban; Treasurer, Charles Montraville Green, M. D., Boston; Historian, Brig. Gen. Philip Reade, U. S. A. (retired), Lowell; Chaplain, Rev. Lewis Wilder Hicks, Wellesley.

Following the meeting the assembly marched to the American House for the annual dinner.

Luther Atwood presided, and the speakers included Rev. Francis L. Beal of Cambridge, Gen. Philip Reade, Marshall P. Townsend of Brookline, and Vice-President Vernon A. Field. Edwin D. Sibley gave some original humorous readings and there was music by a women's orchestra.

Besides the speakers, there were at the head table three ex-Presidents— Nathan Warren, Dr. Moses G. Parker, and Hon. Edward C. Battis. In accordance with custom, the "Star-Spangled Banner" was sung by everybody standing. Behind the speakers' table the National and the State colors were draped.

GEORGE WASHINGTON CHAPTER.—A committee of George Washington Chapter of Springfield met on Sunday, May 24, at the chapel of the Springfield Cemetery. After a brief address by John MacDuffie, President of the Chapter, upon the solemnity and patriotism of memorial work, the committee, under the direction of the chairman, Andrew S. Bryant, placed wreaths upon the graves of Revolutionary soldiers in the Springfield Cemetery and other cemeteries. The laying of the wreaths as performed by this Society is a sacred memorial to patriotic ancestry, and while it is always without the pomp of procession and band, it is peculiarly impressive.

OLD ESSEX CHAPTER of Lynn held its annual meeting at Ancient Sirloin Camp on April 16. The regular steak dinner was served prior to the business session. The reports of the Historian, the Treasurer, and the Secretary were presented, showing the Chapter to be in a flourishing condition.

Nineteen new members have been admitted during the year, and the losses by death, resignation, and forfeiture of membership have been six in number. The present enrollment is 218 (including one actual son), a number greater than is included in more than half of the State Societies in the Union.

A contribution was made to the General Fund of Berea College in Kentucky, and a committee was appointed to consider the proposition of securing a convenient camp site and erecting thereon a building adequate to the needs of the Chapter.

The following officers were elected: President, Hon. Horace Hale Atherton, Jr.; Vice-Presidents, Dr. Charles Jeptha Hill Woodbury and Henry Fuller Tapley; Secretary, Luther Atwood; Treasurer, Webster Bruce; Historian, Dr. Charles Howard Bangs; Chaplain, Rev. Frederic Williams Perkins, D. D.

A paper was read by the Hon. Nathan Mortimer Hawkes on "The Revolutionary Houses of Saugus." This was illustrated by stereopticon, manipulated by Compatriot George Spencer Bliss, who had taken most of the pictures which were shown.

The Michigan Society held its annual meeting and banquet at the Hotel Cadillac, Detroit, on May 1. A large number of out-of-town members were in attendance in addition to the local members. Preceding the dinner, the following officers were elected : Albert M. Henry, President; Gen. Chas. A. Coolidge, Vice-President; Raymond E. Van Syckle, Secretary; Enoch Smith, Treasurer; Rev. Joseph A. Vance, D. D., Chaplain; Franklin S. Dewey, Registrar; Clarence M. Burton, Historian. The toastmaster was President Albert M. Henry, and Rev. Joseph A. Vance pronounced the invocation. Greetings from President General Thruston and the Presidents of the sister Societies of Ohio, Indiana, Illinois, and Wisconsin, and from the Local Chapters were presented by Secretary Raymond E. Van Syckle. Hon. Junius E. Beal of Ann Harbor, Regent of the University and member of the Public Domain Commission, dwelt on the opportunities offered immigrants in Michigan to settle on the land instead of concentration in the cities. Prof. Warren Washburn Florer of the University of Michigan told of the organization of the new Chapter at Ann Arbor and of its activities there, and predicted a large membership among the faculty, students,

and residents. Ward F. Davidson of Iron Mountain, Upper Peninsula, stated that thirty-five members had been secured in Dickinson County, and that a Chapter would be formed there presently. Edward C. Smith of Pontiac declared a new Chapter of the order would soon be started in Oakland County. Gen. Chas. A. Coolidge, U. S. A., retired, reviewed the advance on Mexico by the United States Army in 1848 and graphically described the hardships endured by the soldiers. "Patriotism" from the standpoint of the business man was eloquently discussed by George T. Moody, who declared that in times of trouble and stress political theories and partisanship should be forgotten and the government and the President upheld; but that we should nevertheless remember to give our neighbors a square deal.

THE DETROIT CHAPTER held its annual meeting and election at the Hotel Pontchartrain on May 29. An account of the proceedings of the National Congress at Syracuse was given by the delegates attending from Michigan—Williams C. Harris, Albert M. Henry, and William C. Finck. The latter described the proposed automobile pilgrimage to be taken in June over the route of Washington's Journey when he went from Philadelphia to Boston to take command of the army. An interesting feature of the program was the presentation to the Society of a gavel in the form of a hatchet made from a cherry log obtained from George Washington's birthplace by President General Thruston of Louisville.

The officers elected for the ensuing year were: Frederick B. Smith, President; Harry A. Lockwood, First Vice-President, Sherman D. Callender, Second Vice-President; Raymond E. Van Syckle, Secretary; Enoch Smith, Treasurer; William Stocking, Historian.

The monthly meeting of the Detroit Chapter was held at the Hotel Cadillac on Friday evening, March 20, when Will Levington Comfort, novelist, made an address on "The Darker Side of War," relating his experience as a war correspondent during the Japanese-Russian War and the Spanish-American War. Personal experiences in warfare were also related by Gen. Charles A. Coolidge, U. S. A., Col. Oscar A. James, Col. Walter Barlow, and Lieutenant Taulbee, U. S. A.

THE WASHTENAW COUNTY CHAPTER, at Ann Arbor, was granted a charter by the Michigan Society on March 27. Officers of the Chapter were elected March 28 as follows: President, Warren Washburn Florer, Ph. D., Professor University of Michigan; Vice-President, Col. Henry Stewart Dean, ex-Regent University of Michigan; Secretary, Wolcott Hackley Butler, Ph. B., LL. The Rhode Island Society held its usual Memorial Day exercises at Hopkins Park, Providence, on May 30. This custom arouses much patriotic interest among the aliens in Providence. Teachers and pupils of the fifth grade of the Branch Avenue grammar school gathered about the statue of Commodore Esek Hopkins and assisted the "Sons" in the commemorative celebration.

Nearly all of the men, women, and children in the crowd that listened to the addresses understood and speak the Italian language, and for this reason several speakers used the Italian tongue when addressing them. The music comprised singing of patriotic selections under the direction of Miss Cora I. Hudson, accompanied on the cornet by George Arnold Choate.

Rev. C. Fremont Roper, Chaplain of the Rhode Island Society, opened the exercises by invocation. William Maccacio, a pupil of the Branch Avenue school, gave a declamation entitled "The School-house Stands by the Flag." This was followed by a salute to the flag by the assembled pupils.

Pasqualina Sauro, another pupil, placed the national flag where it waved over the grave of Commodore Hopkins. Rudyard Kipling's "Recessional" was sung, and Henry Clinton Dexter, President of the Society, delivered an introductory address.

The Declaration of Independence was read in Italian by Amasa M. Eaton, who added an explanation, also in Italian, of the causes that led to the Declaration and of the meaning thereof. The pupils sang "The Star-Spangled Banner." Walter E. Ranger, Commissioner of Public Schools, addressed the assemblage upon the subject, "The Makers of Opportunity," saying that if the children were obedient and worthy children in the school and in their homes they would undoubtedly become good and worthy citizens. Flora Rosati, a pupil, gave a declamation entitled "Hats Off: The Flag Goes By."

Climbing a tall ladder, Gelsomino Punia hung a wreath on the outstretched arm of the Hopkins statue, while his schoolmates below applauded. The little fellow was steadied and safeguarded by a member of a fire-engine company. An address in the Italian language on "The Italian and the Necessity for His Naturalization" was given by Francesco P. C. D. Mauriello.

The closing features of the program consisted of singing "America"

✓ The Tennessee Society on April 18 celebrated the anniversary of the battles of Lexington and Concord with a banquet at the Maxwell House, Nashville. About sixty members of the organization were present. Following the banquet, Miss Mary Appleby read Longfellow's poem, "The Ride of Paul Revere." This was followed by a humorous selection, "In 1492."

The private banquet room of the Maxwell was decorated in small American flags for the banquet, and red and white carnations completed the decorations.

The regular business session of the Society preceded the banquet. A report of the election of eight new members into the order was read by the Secretary, and resolutions on the death of George Thomas Newcomb of Chattanooga were passed.

The Society participated in an historical ball at the Maxwell House on April 16.

The Washington State Society on April 21 perfected the organization of a Local Chapter at North Yakima, and new Chapters are in contemplation in other places. Last year the Society urged the State authorities to provide a Washington stone for the Washington Monument in the National Capital. The Legislature and Governor complied with, the petition and the stone is now ready to be placed. It is four feet by two feet by six inches, and it bears the inscription, "State of Washington," with a facsimile of the State seal. Lexington Day was celebrated in Seattle with an illustrated lecture in one of the Methodist churches by John O. Foster, State Chaplain, under auspices of the local Chapter. His subject combined Washington and the Revolution, and Lincoln and the Civil War, in the latter of which Mr. Foster was a participant. Thomas W. Prosch, ex-President, in March, addressed the members of Lady Stirling Chapter, D. A. R., on the battle of Seattle and the Indian War in 1855-1856.
