

OFFICIAL BULLETIN
OF
THE NATIONAL SOCIETY
OF THE
SONS OF THE AMERICAN REVOLUTION

President General
R. C. Ballard Thruston, Louisville, Ky

Organized April 30, 1889
Incorporated by Act of Congress June 9, 1906

Volume VIII

JUNE, 1913

Number 1

Published at the office of the Secretary General (A. Howard Clark, Smithsonian Institution), Washington, D. C., in June, October, December, and March.

Entered as second-class matter, May 7, 1908, at the post-office at Washington, D. C., under the Act of July 16, 1894.

THE OFFICIAL BULLETIN records action by the General Officers, the Board of Trustees, the Executive and other National Committees, lists of members deceased and of new members, and important doings of State Societies. Secretaries of State Societies and of Local Chapters are requested to communicate to the Secretary General written or printed accounts of all meetings or celebrations, and to promptly forward copies of all notices, circulars, and other printed matter issued by them, and to notify him at once of dates of death of members.

INAUGURAL.

The President General desires at this time to direct the special attention of all compatriots to three subjects, in one or more of which each one should have an active part individually, thus contributing to the efficiency of the several Chapters and State Societies:

A. An increase of the membership of the Society. Every compatriot can bring us at least one new member. Numerical strength is essential for the accomplishment of results, and the need of our Society and the country today is results.

B. The completion so far as possible of the military and naval rolls of the Revolution. Each passing year makes this more difficult. The time for this work is NOW.

C. A more ready and cordial co-operation with other patriotic societies and civic organizations in every celebration or movement

tending to bring about an increase of patriotism. The greatest menace to the United States today is internal, not external. This can best be met and combatted by arousing a loftier sense of patriotism.

Each of these three points will be found amplified in the following pages of the Bulletin.

R. C. Ballard Thruston,
President General.

INCREASE OUR MEMBERSHIP.

The numerical growth of our Society has not been what it should. The Daughters of the American Revolution have far surpassed us in this regard. If our Society is to become the power which it ought to be in this country, respected and listened to in the legislative halls, on matters which tend to bring about broad and patriotic enactments, it must be able to present the force of numbers. The moral effect of this alone is very great. We have been too long disposed to abandon our recruiting work to committees on membership, where often the divided responsibility has resulted in the chairman becoming the only working member. It is time that this policy should be reversed, that each compatriot should feel that he is a committee of one, and that he falls short of his duty and opportunity if he allows the year to pass without adding one member at least to the membership of the Society.

MILITARY AND NAVAL ROLLS.

The United States Government, State authorities, and historical organizations have done much in the way of rescuing, preserving and publishing the military and naval records of the Revolution. These today constitute a veritable roll of honor; but there are frequent breaks in them. Many rolls must still exist, laid away and possibly their very existence forgotten. Each passing year increases the danger of possible destruction and permanent loss. Congress has appropriated \$32,000 for the copying of these rolls, where the present holders are unwilling to part with the possession of them. The War Department will have the copying done by photographic process, thus obviating the danger to the originals incident to handling. Each Society and Chapter is urged, through its members, to make careful and thorough search for any such rolls, and if a donation of them cannot be obtained, a loan of them should be, in order that a copy may be made.

PATRIOTIC CELEBRATIONS.

We have been charged with exclusiveness. That charge is true to this extent, that we have two rigid requirements for membership; first, direct descent from a Revolutionary Patriot; and, second, the applicant's patriotism and moral character must be such as to make him a worthy descendant of that Revolutionary sire. Our objects are twofold: honoring those whose self-sacrifice hath given and made us a nation; and working with others to stimulate and extend broadcast throughout the land a high and sincere spirit of patriotism in the present. Every movement which has this object in view, whether inaugurated by this Society or not, deserves our cordial co-operation. The President General has under consideration the appointment of a special committee of the National Society for this purpose, and it is suggested to the State Societies that they will do well, when invited by other patriotic bodies or civic organizations within their States, to unite or co-operate in patriotic celebrations, or movements having such an object in view, accepting and bearing their full part on all such occasions.

MINUTES OF MEETING OF EXECUTIVE COMMITTEE,
MAY 19, 1913.

A meeting of the National Executive Committee, duly called by direction of the President General, was held at the Congress Hotel, Chicago, Ill., at 9 o'clock a. m., May 19, 1913, and formally acted upon various matters considered at an informal conference held on the afternoon of May 18.

Those present were: President General Richardson, Dr. Moses Greeley Parker, of Massachusetts; Mr. Lewis B. Curtis, of Connecticut; Mr. R. C. Ballard Thruston, of Kentucky; Mr. Thomas W. Williams, of New Jersey; Treasurer General Burroughs, and Secretary General Clark.

The minutes of the meeting of February 24, 1913, were approved.

On motion by Mr. Curtis, resolutions were adopted to the memory of Col. Charles Lyman, a member of the Executive Committee, and Chairman of the Committee on Education, who died March 24, 1913.

On motion by Mr. Thruston, Chairman of the Committee on Organization, it was voted to recommend that the Annual Congress intermit and cancel all unpaid annual dues due from the Tennessee Society to the National Society up to March 31, 1913.

The Treasurer General reported cash on hand to the credit of the Permanent Fund, amounting to \$572.76, and it was thereupon—

Voted that there be transferred from the General Fund to the Permanent Fund such amount as may be necessary with the available cash to purchase an additional investment of \$1,000, making a total investment of \$4,000 in the Permanent Fund.

The President General presented a letter from the Secretary of War, and announced the receipt of a similar letter from the Secretary of the Navy with reference to recent legislation providing appropriations for collecting, copying, and classifying with a view to publication, the military and naval records of the War of the Revolution. The cooperation of the Sons of the American Revolution is requested in carrying out the provisions of said legislation. It was voted that the Executive Committee recommend that the general officers, and the State Societies, and all members of the Sons of the American Revolution co-operate with both the War Department and Navy Department in this important work of preserving and publishing the scattered records of the soldiers and sailors of the Revolution.

The Secretary General presented a letter from a Committee of the National Society of the Children of the American Revolution suggesting a closer relationship between that organization and the Sons of the American Revolution, whereby young men who are members of the Children's Society may, upon attaining the age of 21, be transferred to the Sons of the American Revolution without the payment of the usual initiation fee, and it was voted that the Secretary General call the attention of State Societies to this subject through the OFFICIAL BULLETIN.

There being no further business the Committee then adjourned.

A. HOWARD CLARK,
Secretary General.

MINUTES OF MEETING OF BOARD OF TRUSTEES, MAY 19, 1913.

A meeting of the Board of Trustees, duly called by direction of the President General, was held at Congress Hotel, at 9.30 o'clock a. m., May 19, 1913. Present: President General Richardson, Mr.

La Verne Noyes, of Illinois; Mr. John McKelvey, of Ohio; Mr. George O. Dix, of Indiana; Mr. E. M. Wentworth, of Iowa; Secretary General Clark, ex-President General Parker, of Massachusetts, and others.

The minutes of the meeting of the Trustees on May 21, and adjourned meeting on May 22, 1912, were approved as printed in the OFFICIAL BULLETIN and the Year Book.

It was voted that the Board do ratify and confirm the several acts of the Executive Committee during the year.

After general discussion of business to come before the Congress, the meeting of the Trustees adjourned.

A. HOWARD CLARK,
Secretary General.

ABSTRACT OF PROCEEDINGS OF CHICAGO CONGRESS, MAY 19 AND 20, 1913.

The Twenty-fourth Annual Congress of the National Society of the Sons of the American Revolution was called to order in regular session in the Florentine Room of the Congress Hotel, Chicago, Ill., at 10 o'clock a. m., Monday, May 19, 1913, President General James M. Richardson, presiding.

The Congress was opened with prayer by the Rev. Charles Edward Cheney, D. D., of Chicago, former Chaplain General, in the absence of Chaplain General John Timothy Stone, D. D., who was detained in Atlanta, Ga., by imperative business.

Hon. William H. Sexton, Corporation Counsel, representing his Honor the Mayor, welcomed the members of the Congress to the City of Chicago; and Edwin M. Dunne, Jr., son of the Governor, presented the greetings of the State of Illinois.

President La Verne Noyes, welcomed the delegates in behalf of the Illinois Society.

THE CREDENTIAL COMMITTEE (Mr. Teunis D. Hunting, chairman); reported 145 accredited members of the Congress present at the opening session. The final report of the Committee increased the attendance to 160 members, including 11 general officers, and Past Presidents General, and delegates from California, Colorado, Connecticut, Delaware, District of Columbia, Empire State, Illinois, Indiana, Iowa, Kentucky, Maine, Maryland, Massachusetts, Michigan, Minnesota, Missouri, Nebraska, New Hampshire, New Jersey, North Dakota, Ohio, Oregon, Pennsylvania, Rhode Island, South Dakota, and Wis-

consin. There were about 60 ladies reported as accompanying the delegates.

THE PRESIDENT GENERAL presented his annual report on the condition and needs of the Society. He contrasted the occasion with the Congress of 1893, in Chicago, when there were only 4,100 members as compared with nearly 13,000 at the present time. The Society has steadily advanced in usefulness as well as membership. He called attention to some of the activities of the Society in connection with patriotic education and in encouraging respect for the Flag. There is need for 50,000 members in order to increase the influence of the Society and to provide an adequate income for carrying on important work that must now be neglected.

THE REPORT OF THE TRUSTEES reviewed the proceedings of the meetings of the Board and the Executive Committee during the year and immediately prior to the opening of the Congress.

THE SECRETARY GENERAL'S REPORT reviewed the work of the State Societies during the year and the doings of the National Committees. Special attention was called to increased activity among the local Chapters, and to the importance of establishing more Chapters, "the right arm of the Society." Four issues of the OFFICIAL BULLETIN were published, aggregating 163 pages, at a total cost of \$1,649.78, or \$350 within the appropriation therefor. The National Year Book was published in an addition of 800 copies with the usual distribution, and to about 100 historical and other libraries designated by State Societies, as recommended by the Boston Congress. Four medals were awarded to patriots for service in the War with Spain, making 719 awards since the Detroit Congress in 1899.

THE TREASURER GENERAL'S REPORT showed that the cash balance on hand May 15, 1913, in the General Fund was \$9,936.63. The receipts of the year in the General Fund aggregated \$7,523.70, and the disbursements were \$6,606.91. At the last Congress the Permanent Fund investment aggregated \$3,000, and there was placed to the credit of the fund during the year \$572.76, received from rebates on sales of badges and rosettes. By vote of the Executive Committee, just prior to the Congress, there was ordered to be transferred from the General Fund a sum sufficient, when added to the cash in hand, to purchase an investment of \$1,000, so as to increase the Permanent Fund to \$4,000. The total assets on May 15, 1913, were \$13,509.39, as compared with \$12,007.34 on May 14, 1912, and \$11,183.86 on April 25, 1911.

THE REGISTRAR GENERAL'S REPORT showed a total enrolment of 24,469 members since 1889 and a present active roll of 12,753. The registration of new members during the Society year was 922. The number of deaths reported was 259. Massachusetts has the largest active membership, 1,604, followed by the Empire State, 1,440; Connecticut, 1,194; Illinois, 755; New Jersey, 616. The greatest enrolment of new members was 109 in Illinois; Empire State, 93; Massachusetts, 85; Connecticut, 74. The Registrar General urged upon State Societies the importance of completing the rolls of soldiers and sailors of the Revolution in the custody of the Government with a view to their early publication.

✓TRAVELING BANNER.—The Registrar General announced that the Nebraska Society, having made the greatest percentage of gain in membership, was entitled to the Traveling Banner. Mr. Lewis B. Curtis, of Connecticut, made the presentation address, and President John F. Flack, of the Nebraska Society, accepted the banner.

✓PRIZE INSIGNIA.—To the Kentucky Society was awarded a gold ceremonial badge for having enrolled the greatest proportionate number of sons of present members. The presentation was made by Rev. Dr. Whitaker, of New Jersey, and the badge was accepted by President Thruston, of the Kentucky Society.

THE HISTORIAN GENERAL'S REPORT reviewed some of the notable occurrences of the year, including the dedication of statues and other memorials to patriots of the Revolution and the completion of plans for a \$100,000 monument to mark the battlefield of Princeton in 1777. He called attention to the plan proposed of marking by suitable memorials the route taken by Washington on his journey from Philadelphia to Cambridge in 1775. Under the direction of the Historian General, an exhibition room was arranged near the meeting room of the Congress for the display of publications by the State Societies and Chapter.

THE MEMORIAL COMMITTEE, Col. W. L. Curry, of Ohio, Chairman, presented a report, which was read by Mr. Edward L. Harris. The report told of the work done by the State Societies in marking the graves of Signers of the Declaration of Independence. Attention was called to a recent amendment to the Ohio State Law, whereby the graves of soldiers of the Revolution will now be marked.

Marble head-stones are provided free by the Quartermaster General, U. S. Army, War Department, Washington, D. C., for marking the graves of any soldier of the Revolution. The Committee recommends

the continuation of locating and marking the graves of all Revolutionary soldiers.

THE ORGANIZATION COMMITTEE, Mr. R. C. Ballard Thruston, Chairman, reported that the Committee had devoted its energies during the year to building up some of the weaker Societies, and had been particularly successful in reviving the Tennessee Society. On motion by Mr. Thruston, the unpaid dues of the Tennessee Society up to March 31, 1913, were canceled.

COMMITTEE ON EDUCATION.—Col. Charles Lyman, Chairman of this Committee, died March 24, 1913, and the work for the remainder of the year was taken up by Dr. H. G. Sherman, of Ohio, who submitted a report, read by Dr. Clarkson N. Guyer, of Colorado:

"Your Committee has laid particular emphasis on the work in schools, believing that efforts among the younger sons and daughters of the nation make a deep and lasting impress that will multiply manyfold in the years to come. An increasing number of medals and cash prizes has been offered for essays on patriotic subjects. In some cities the prizes offered have been sought by children of more than a score of nationalities, and it is a subject for reflection that these prizes are often won by children from the continent of Europe as against those of American descent."

The Societies in Connecticut, Iowa, Ohio, and Oregon have been particularly active in the award of medals for prize essays, or for high scholarship in the study of American history. More than 125 of the National Society medals and special medals of State Societies were awarded during the year, besides about \$1,000 in money prizes.

THE FLAG COMMITTEE.—Colonel Lauman, of Illinois, read the report of the Committee on Prevention of the Desecration of the Flag, submitted by Mr. W. V. Cox, Chairman, who could not attend the Congress. The Committee finds there is a growing sentiment throughout the country favoring a Federal law to prevent and punish the desecration, mutilation, or improper use of the Flag of the United States, or any representation thereof. As a creation of Federal law, it is held that the Flag should be protected from insult and commercial degradation by Federal law. A bill is now pending in the Senate and House, and it is hoped it may be enacted into law within the next year.

Thirty-five States now have flag laws, Louisiana and Iowa having enacted laws during the past year.

The Committee's report reviews proceedings in State courts for violation of State laws and mentions several instances where thoughtless violators have at once refrained from further offense when their attention was called to the subject.

The following resolution was adopted:

"Resolved by the National Society of the Sons of the American Revolution in Congress assembled, That we respectfully but earnestly recommend the passage by the Congress of the United States of the bill now before the Judiciary Committee of the House of Representatives, and known as House Bill No. 4359, or such amendment thereof as shall most effectually promote the preservation of the Flag of the United States from desecration either for commercial or other purposes, and the observance of due respect to it whenever displayed, and sanctify it as the untarnished emblem of a Republic of free people numbering nearly 100 millions."

A bill identical with the House measure has been introduced in the Senate by Compatriot Morris Shepard, of Texas, a member of the District of Columbia Society.

THE COMMITTEE ON INFORMATION FOR ALIENS, Commander John H. Moore, U. S. N., Chairman, presented a report, which was read by Compatriot Frank B. Steele, of Buffalo. The report stated that the National Society leaflets are being distributed in large numbers in all our cities where the aliens are found. There has been a large and increasing demand for them in our night schools, from civic centers that maintain committees for giving information to the alien, and from numerous Young Men's Christian Associations maintaining night schools or industrial departments. Numerous requests for leaflets have also been received from the Daughters of the American Revolution.

THE COMMITTEE ON PENSION AND MUSTER ROLLS reported through its Chairman, Col. Gilbert C. Kniffin, that the flat-filing in the Pension Office of the claim papers of the 70,000 pensioners of the Revolution is now completed and they are now alphabetically arranged in cases specially constructed for their reception. Expert clerks can now promptly prepare replies to inquiries relating to Revolutionary ancestry, provided that a claim was filed by the soldier or his dependent relatives for pension or bounty land. Colonel Kniffin reported the "densest obscurity" involved in determining the number of Militia Men and Minute Men in the Revolution, the rolls of this class of soldiers being very incomplete, and in some States the records appear to be irretrievably lost. There should be published an alphabetical list of soldiers who served in the Continental Line, in the Militia and Minute Men, and other organizations. "A history of the service performed by the militia of the Thirteen States would be replete with thrilling exploits, and the names of these heroic men should not be permitted to perish from the earth." When the names of the men who did the fighting have been collected and furnished to the War Department and

prepared for printing, Congress should be memorialized by patriotic societies to order its publication.

THE COMMITTEE ON MILITARY AND NAVAL RECORDS, Charles W. Stewart, of the Navy Department, Chairman, submitted a report, which was read by Gen. Walter Howe. The report stated that the principal work of the Committee had been to aid in the passage of the act approved March 2, 1913, which provides appropriations for collecting, copying, and classifying the military and naval records of the Revolution with a view to their publication. The Secretary of War and the Secretary of the Navy have called upon the Governors of the original States, upon historical societies, patriotic societies, libraries, and others to aid them in collecting these records. It is particularly desired that original or manuscript records be located and information thereof be given to the War and Navy Departments, in order that copies may be obtained.

The National Society of the Sons of the American Revolution at its first annual Congress in 1890 adopted resolutions memorializing the Federal Government to preserve and publish the records of the Revolution, and committees of the Society have continued each year to advance legislation to that end. Masses of manuscripts have been discovered in unexpected places and much has already been published.

Following the reading of the reports on Revolutionary records there was a general discussion by Admiral Jewell, Mr. Bruce, Mr. Spangler, and others on the great importance of the work being done through the Sons of the American Revolution to gather, preserve, and publish the names of soldiers and sailors of the Revolution.

THE COMMITTEE ON JEFFERSON MEMORIAL, Admiral G. W. Baird, U. S. N., Chairman, reported that a bill providing for a statue of Thomas Jefferson, to be erected in the city of Washington, had been considered in the 62d Congress, but had not become a law. The bill has been introduced anew in the 63d Congress.

PRESERVATION OF SULGRAVE MANOR.—Resolutions offered by the Ohio and Pennsylvania Societies in regard to the presentation to the United States of Sulgrave Manor, the ancestral home of Washington in England, were discussed, and a resolution was adopted recommending that Compatriot Joseph G. Butler, Jr., of Ohio, be appointed a special envoy of the United States to receive the gift.

CENTENARY OF THE "STAR-SPANGLED BANNER."—On motion by Dr. James D. Iglehart, of Maryland, resolutions were adopted commending the observance of the centenary in September, 1914, of the Battle of North Point and calling upon the members of State Societies to cooperate in the celebration.

On April 19 the anniversary of the battles of Concord and Lexington was observed at Westminster University, near Denver, under the auspices of the Education Committee of the Society, when addresses were made by Gov. Elias M. Ammons, J. F. Tuttle, Jr., and others. A large photograph of the statue of the Minute Man at Lexington was unveiled.

On the morning of May 1 there was a flag-raising ceremony on the roof of the Chamber of Commerce Building at Denver, participated in by a Committee of the Sons of the American Revolution. The Governor hoisted the flag as a signal to all the city that the movement to keep the "Stars and Stripes" aloft for four months was inaugurated, and in a few moments more than 100 flags waved from buildings throughout the city.

The program arranged by the Entertainment Committee for the remainder of the Society year includes observance of Flag Day, Bunker Hill Day, Fourth of July, Colorado Day (August 1), Labor Day, Evacuation Day (November 25), S. Other officers were re-elected. The reports of the Secretary and Treasurer indicated a very flourishing condition of the Society. The Committee on Prize Essay Competition in the Public Schools of the State presented a full report, which is published in the *Hartford Daily Courant* of Monday, June 16, together with the essay on "The Heroic Age of America," by Miss Victoria Linderoth, of Bridgeport, which received the highest prize—a gold medal and \$100. The object of the contest was to secure a more general interest among the youth in the study of the American Revolution, which is believed to be an inspiration to patriotism. Prizes were offered by members in the name of the Connecticut Society in seven of the eight counties of the State. These prizes consisted of medals of the National Society of the Sons of the American Revolution in silver and bronze, each being accompanied by a sum of money from \$10 to \$25. Sixty medals and \$650 were thus awarded. In the contest 800 essays were submitted in 56 local competitions. The winning essays in the several contests were referred to a special committee, with no knowledge of the authors' names, to determine the essay of the highest merit.

The *Col. Jeremiah Wadsworth Branch* held a meeting on March 17 at the Hartford Club, where an illustrated lecture on Benedict Arnold and Major Andre was delivered by William Webster Ellsworth, President of the Century Company of New York.

The speaker reviewed the details connected with the effort on the part of Arnold to give over to the British the American fortress at West Point.

Many of the slides were of particular interest in that they gave an insight into the beauty of the life of Andre, showing his work as an artist and giving excerpts from some of his writings, several bits of poetry being shown. The entire correspondence leading up to the flight of Arnold and the execution of Andre was also given by the speaker, many of the letters having been photographed from collections in different cities.

There were a number of pictures showing the life of Arnold in England after the war, and the lecturer told of the misery in which he lived, shunned by his associates, and how his being the cause of the death of Andre wore upon his mind.

N., on the plucky fight of the American privateer "General Armstrong," commanded by Samuel Chester Reid, and a British squadron of four sloops of war, shortly before General Jackson's victory at New Orleans.

The Admiral said that it was because of the plucky fight put up by this small vessel that the victory at New Orleans was made possible.

The "General Armstrong," with a complement of 90 men, engaged the four British vessels, which had on board 2,000 reinforcements for New Orleans, and delayed them long enough to allow preparations to be made for coping with them at New Orleans. When the superior force finally crushed the little vessel, Reid scuttled his ship and took refuge in an old castle on an island in a neutral harbor.

Admiral Chester closed his remarks with the wish that the children of the country might be taught more about this particular engagement, as it is not reported very fully in most histories.

At a meeting on April 16 an address was made by Maj. Frederick C. Bryan on "The Campaign of Burgoyne, 1777."

On May 30 the District Society placed wreaths on the statues of George Washington, Benjamin Franklin, John Witherspoon, John Paul Jones, Gen. Nathanael Greene, and Richard Rush.

The Year Book of the Empire State Society for 1913 is a pamphlet of 121 pages, containing list of officers and members, addresses delivered at Society meetings and the Annual Banquet, ceremonies at the Lafayette Monument in Paris, patriotic educational work, and necrology. The address by Compatriot Jefferson M. Levy relates the facts

as to the ownership and condition of "Monticello," the home of Thomas Jefferson, which is carefully preserved by him. "Every stone and every brick in the home of Jefferson," he says, "every tree, every nook and corner, every foot of Monticello, is dear and sacred to me, and never will I listen to any suggestion for disposing of it, whether coming from a private or public source. The public has free access to the property every day in the year from sunrise to sunset, with as little restriction as its safety and preservation will permit."

President Ames presided at the meeting. Vice-Presi- dent Charles E. Ogden delivered the principal address, paying a warm tribute to the heroes of the country in the past, and declared that devotion to country and to principles on which it is founded is just as vitally important today as ever. The incoming flood of foreigners must be impressed with that love of liberty and democracy which has made America "God's greatest gift of Government."

In the afternoon the visitors were taken on an automobile ride about the city, a stop being made at the Oak Hill Country Club; and there was a dinner at the Hotel Rochester at 6 o'clock.

At this meeting the proposal was made that the State or National Societies should start a general movement to mark all the stopping places of Washington between Philadelphia and Cambridge in June, 1775. The proposal was received with great enthusiasm, and several stirring addresses were made. Among others, President Crandon, of the Massachusetts State Society, who was present, spoke in hearty support of the project, and promised to bring the matter before the Massachusetts Society and induce it to interest itself in pushing the patriotic scheme. When worked out it is further proposed that a pilgrimage be made from Philadelphia to Boston, going over the route of Washington, and visiting all the stopping places, by which time it is hoped that many, if not all, may be marked. The *George Washington Chapter* has 118 members, and is one of the most flourishing in the State.

by about 100 members, including a number from Ann Arbor, Grand Rapids, and Kalamazoo. At the business meeting, held at 6 o'clock, the officers elected, resident in Detroit, were as follows: President, Albert M. Henry, 1201 Penobscot Bldg.; Vice-President, Gen. Chas. A. Coolidge; Secretary, Raymond E. Van Syckle, Ford Bldg.; Treasurer, Enoch Smith; Registrar, Franklin S. Dewey; Chaplain, Rev. Jos. A. Vance, D. D.; Historian, Clarence M. Burton.

Changes in the Constitution were adopted permitting the organization of local Chapters in the various Michigan cities.

At the banquet, held at 8 o'clock, Mr. Williams C. Harris, the retiring Secretary, presided as toastmaster, and addresses were delivered by A. H. Griffith, Director of Detroit Art Museum, on "Revolutionary Scintillations," and Hon. Peter A. Porter, of Niagara Falls, on "The Characters of Washington and Franklin."

On March 12 the regular monthly historical and social meeting was held at the University Club. The paper of the evening was by Mr. Fred G. Dewey on "The Trend of American Government Toward Social Democracy," in which he showed that a notable tendency of the present day is the growth of the idea that the more directly a sovereignty is exercised by the people the better will government become. In the discussion which followed Mr. Burton maintained "that it is dangerous to give to the man in the street too direct participation in the activities of government." Mr. Van Syckle pointed out that many newly arrived immigrants possess a keener interest in political affairs, a deeper love for liberty and a greater regard for the institutions of our country than many Americans of several generations; that to enjoy the benefits of our institutions they abandon their native homes and customs. Among such as these the Sons of the American Revolution distribute leaflets on "Information for Immigrants," "Instructions on Naturalization," and "The Constitution of the United States."

At a meeting of the Board of Managers on May 2 the application of members for a charter for a Detroit Chapter was granted. The Chapter is to have jurisdiction within Wayne County and the adjoining counties, with headquarters at Detroit. THE NEW JERSEY SOCIETY celebrated the twenty-fourth anniversary of the organization at Newark on March 7, when an address was delivered by Compatriot Hon. Adrian Lyon, of Perth Amboy, on the statesmen and leaders of our nation, comparing the administrative abilities of the statesmen of today and the present tendency to follow movements with the constructive abilities and personal leadership of those connected with our earlier history. A history of the organization and work of the Society was presented by Historian General Pierson.

The Society is continuing a campaign for increase in membership. Chapter formation is found to be one of the best methods, as it stimulates local interest. It is expected shortly to organize Chapters at Asbury Park and Ridgewood. One hundred and twenty-five sons of members under twenty-one have been enrolled, and are being organized into the Washington Guard of the New Jersey Society of the Sons of the American Revolution. The object of the organization is to secure the interest of the youths in the work of the Society, and to impress

their growing minds with the importance of its objects and aims. A special rosette has been designed and a certificate will be furnished each member. Methods of work are being outlined by President John Lenord Merrill, who is the founder of the Guard.

The Orange Chapter, on May 5, appointed a committee to arrange for the erection of a tablet memorializing the services of the Revolutionary Patriot, Rev. Jedediah Chapman. A Colonial Reception is planned to commemorate the wedding anniversary of George Washington, on June 7.

The Monmouth Chapter will be instituted at Asbury Park, New Jersey, on June 27, marking the inauguration of an elaborate celebration of the 135th anniversary of the Battle of Monmouth (June 28, 1778), arranged by the New Jersey Society for June 27, 28, and 29. The program includes fireworks, receptions, visit to battle ground, patriotic concerts, open-air service, and special patriotic church services.

Five or more members of this Society residing in any one city, town, county, or judicial district of New Mexico may send a written request to the Board of Managers, asking authority to associate as a Chapter of this Society in such judicial district, and the Board of Managers may grant such request." The annual dues of the Society are three dollars. Chapter members pay the dues to the Chapter Treasurer, who remits \$1.50 to the State Society Treasurer.

After the adjournment of the annual meeting of the Society, the Board of Managers met and granted authority for local Chapters at Albuquerque and Roswell.

THE OHIO SOCIETY held a *pro forma* annual meeting at Columbus, on April 19, and adjourned to April 22, when Rev. T. E. Cheney, of Hebron, was elected Chaplain, and other officers re-elected. The Society has in press a Year Book, containing the names and place of residence

of Revolutionary pensioners in Ohio in 1840, and the names and location of the graves of upward of 800 Revolutionary soldiers buried in the State, making a roster of nearly 2,000 names.

THE RHODE ISLAND SOCIETY, on May 30, held the customary Memorial Day exercises at Hopkins Park, Providence, with the assistance of the pupils of the Branch Avenue School. The program included the invocation by Rev. C. Fremont Roper, Chaplain of the Society; saluting the Flag, by the pupils of the school; placing the Flag on the grave of Commodore Hopkins; introductory address by President Thomas A. A lawn party was held during the afternoon at "Wayside," the country home of Mrs. Alex. S. Caldwell, attended also by Daughters of the American Revolution, when President General Thruston gave an address on the history of the American flag. In the evening, at a dinner given in his honor at the Hermitage Club, the President General discussed, as among the primary objects of the Sons of the American Revolution, to preserve and write the history of this country for posterity; to help the present and future generations to meet and cope with the immigration problem and help relieve a condition by trying to make intelligent citizens of the aliens in our midst, and to instill patriotism and love of country and the flag in the breast of every young American.

THE WASHINGTON STATE SOCIETY held its annual business meeting on February 22, at the Chamber of Commerce, Seattle, and elected the following officers: President, Thomas W. Prosch, Seattle; Vice-Presidents Everett Smith, Seattle, Harry G. Rowland, Tacoma, and William P. Winans, Walla Walla; Secretary, Christopher W. Horr, 4144 14th

Avenue N. E., Seattle; Treasurer, Augustus V. Bell, 405 Hoge Bldg., Seattle; Registrar, Robert C. Saunders, 408 Lowman Bldg., Seattle; Historian, Ovid A. Byers, Seattle; Chaplain, Arthur N. Thompson, D. D., Seattle.

The State Legislature was urged to provide a State Stone for the Washington Monument at the Federal capital.

In the evening a reception and banquet were held at the New Washington Hotel, attended by members and their ladies. Instrumental and vocal music entertained all. Henry R. Harriman responded to the toast "Washington, the Man; the Commonwealth"; Leander T. Turner, "The Constitution"; Ovid A. Byers, "The Patriot of Today"; Miss Beatrice Prosch, "Martha Washington and the Women of the Revolution"; Byron Phelps, "The Men of 1861-1865." Walter B. Beals acted as toastmaster. The Washington Society gave during the year \$195 in money prizes to the high-school students of Spokane, Tacoma, and Seattle for historical papers on patriotic subjects.

Alexander Hamilton Chapter, Tacoma, on February 21 presented to the Washington School at Tacoma some trees brought from Mount Vernon and they were planted with appropriate exercises. The presentation was made by Mr. John D. Fletcher, President of the Chapter, and the trees were accepted by Mr. McPherson, of the Tacoma School Board. An address on "Mount Vernon" was delivered by Mr. H. G. Rowland, Vice-President of the Chapter. Mrs. George H. Tarbell spoke on "The Sentiment Expressed by the Trees." At the banquet following the business meeting Col. Horace Martin Seaman presided as toastmaster. Rev. Arthur Howes Lord, in speaking of the Minute Men, said: "Their muskets loaded with a principle brought down not only men, but a system. We must not do less than those Minute Men. Stand fast as sons of liberty; stand as fast as the Minute Men stood. Citizens of a great and glorious Republic, we honor the men who struck the first blow for liberty."

Lieut. Col. J. A. Watrous spoke on "The Part Played by the Regular Army in Our History." Capt. John G. Barry, of the Tuscarora, represented the Navy. "The ideals of our Government are now different," said Percy H. Evans. "They are being seriously changed, and is it a matter of indifference to us to know whether the Government should run along lines laid down by Washington and Jefferson, or those of some transplanted European socialists and anarchists? If we desire to have the purer ideals, we must teach them and keep out all others."

"The dangers which threaten this country today are not those of war, but rather internal dangers," said the Rev. T. H. Penfold. "A Republic is no stronger than the ideals of the persons who compose it, and there is a lower ideal of citizenship."

The work for the coming year, as stated briefly by Arthur J. Wright, newly elected President, is going to consist mainly of strenuous efforts to increase the membership.

THE WYOMING SOCIETY has elected Arthur Hedley Doane as Secretary to fill the vacancy caused by the death, on March 19, of Frederick Burton Sheldon.
