Per NSSAR Handbook Volume V:

All new medals, awards and insignia require approval of the Medals and Awards Committee and the Executive Committee. Requests must be submitted over the state society's president's signature or of the national committee chairman's signature and sent to the Executive Director. A form is available to submit proposals for new medals and awards. The same form should be used to propose changes to existing awards. This is available from the Executive Director.

A request for a new medal, award, certificate or insignia must indicate how the funding necessary to implement the request will be provided. There are no national funds available for funding new medals, awards, insignia, certificates, or a monetary award given with an award or certificate.

The requestor will provide source of funding for any costs to maintain and issue an award, medal, certificate, or insignia. A design depicting the proposed award will accompany the request.

All requests must be sent at least thirty days prior to a Leadership Meeting. The Executive Director will forward the request to the appropriate committee chairman for the committee's consideration and approval. Requests should have a committee's approval prior to submission to the Medals and Awards committee for consideration. After approval of all concerned, it should be noted that implementation normally takes eight to twelve months. Correspondence other than that covered above should be sent directly to the Chairman, Medals and Awards Committee.

Funding for any currently authorized medal, award, certificate or insignia is subject to review by the Medals and Awards committee for possible deletion unless the requestor or its representative provides adequate funding.

Submitter should complete form and submit to NSSAR Executive Director and Medals and Awards Committee Chairman at least 30 days prior to NSSAR Trustee's meeting or Annual Congress.
