VOL. LXIV, NO. 2 OCTOBER 1969

The PRESIDENT GENERAL'S MESSAGE ~ ~ ~

from New York City

First, a brief comment on the misspelling of my surname under the picture in the July issue. The correct spelling is *with* the "i". Not that it is a matter of great consequence, but one generally is inclined to be somewhat exacting as to the spelling of his name, especially when it involves the loss of an i. However from the number of comments I have received from friends call-

ing attention to the misspelling, it is at least a good indication that our SAR Magazine is widely read.

Summer is a period of inactivity for most of our SAR State Societies and Chapters. The President General's visits to the State Societies will get under way early in the Fall and I shall have more to report on this at a later date.

However during the first week in August I did have the privilege of participating in the first World Records Conference of the Genealogical Society at Salt Lake City. The theme of the Conference was the preservation of vital records in today's uncertain world, a subject with which SAR's are deeply concerned. Some 250 ranking genealogists and archivists from all over the world conducted lectures and seminars on every conceivable aspect of gathering, indexing, utilizing and preserving genealogical records, including the application of computers to these fields. The Conference, one of the most interesting that I have ever attended, was under the sponsorship of the Genealogical Society of the Church of Jesus Christ of Latter-day Saints, which now has the largest genealogical collection in the world. Its Granite Mountain storage vaults hold microfilm records equal to three million ordinary volumes, and are well worth a visit. The Genealogical Society's library in Salt Lake City is open to all persons who are interested in genealogy, and conducted tours are readily available.

A substantial number of the 50 Fellows of the American Society of Genealogists (top professional body in the field) were present. I was pleased to find several SAR's among them: George Zabriskie, President of our Hawaii Society, Fred Dorman, Past President of the District of Columbia Society, and Meredith Colket of the Ohio Society, all eminent genealogists.

On another subject, a part of the program which I feel is vital to SAR's at all levels this year—and for at least the next dozen years—is the Bicentennial of the American Revolution. It will be a long time before our Society has another such opportunity to bring before the American public the spirit and significance of the American Revolution.

But what is being done about the Bicentennial? On an official plane, President Nixon has appointed a Federal

Bicentennial Commission including several noted historians but, so far as I know, including no representatives of any patriotic Society. The legislatures of some states have established similar Commissions to which appointments have been made by the several governors, which fortunately include a few members of the SAR. With very few exceptions, however, it appears that these official Commissions may turn out to have chiefly a historical function. In other words, at this stage it looks as if public observances of historic events connected with the Revolution may be relegated to a comparatively minor role in the programs of the Commissions. This would be unfortunate because dramatic observances of historic events would probably bring home to more people the significance of the American Revolution than would historical material in printed form.

Besides the definite possibility of inactive Bicentennial Commissions, there are rumors that the more militant subversive groups may use important bicentennial dates as occasions to deprecate and distort the events that we celebrate.

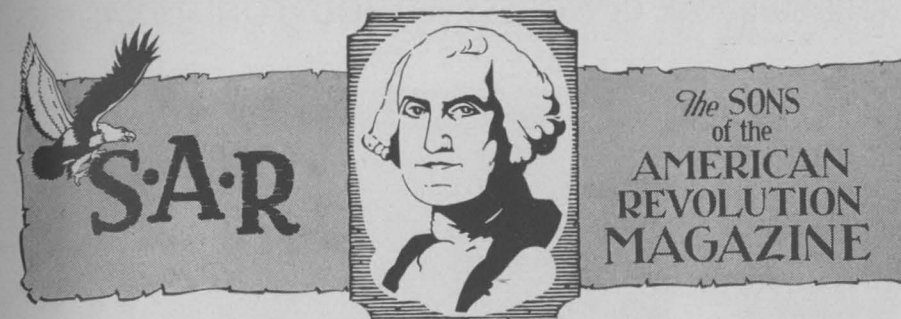

For these reasons I feel that the Bicentennial Committee of the National Society of the Sons of the American Revolution will have the most important continuing responsibility of any of our committees. Its two initial functions will be (1) to determine what other patriotic societies have planned in connection with the Bicentennial, and (2) to assemble and correlate all available material relating to the Federal and State Bicentennial Commissions. I regard the functions of this Committee as so important that I have asked our eminently qualified compatriot Walter R. Martin of Rhode Island, to serve, not only as Chairman of the Bicentennial Committee, but also as Special Assistant to the President General in furthering the activities of this Committee. In this latter capacity Compatriot Martin will function as a special liaison officer with all other patriotic societies, with the objective of correlating the activities of all patriotic societies in the Bicentennial. We believe that the objectives of the Bicentennial can be better achieved through coordinated effort on the part of the patriotic societies, and we believe the SAR has the obligation to provide the leadership.

As to the second function of the Bicentennial Committee, Compatriot Martin will be ably assisted by Compatriot Paul S. Vaites of Massachusetts. His initial task will be to gather all information on official commissions, both Federal and State, such as the basic legislative enactments, objectives, appropriations, appointees and their background, and plans or accomplishments to date.

Getting started is essential. If we are slow in starting, the Bicentennial will be over before we realize it—and we will not have utilized its tremendous patriotic potential. We have already passed the 200th anniversary of the Stamp Act Congress (New York, 1765), and we have that of the Boston Massacre coming up next year.

After we have assembled the facts, we will then be in a better position to determine more accurately the role of the SAR in the Bicentennial. I am hopeful that it will be a positive and continuing one.

Breathes there an American with soul so dead, who failed to experience a tremendous surge of pride when our astronauts led mankind in first setting foot upon the Moon? We should all be deeply gratified

that the pioneer landing on another world was by men who, unlike Russian cosmonauts, believe in God and represent a nation of free men.

During a recent meeting of American and Russian spacemen, a red cosmonaut sneeringly asked one of our astronauts if he had seen God when he was out in space. It would indeed have been sacrilege for godless beings of a nation and philosophy dedicated to the enslavement of humanity, to accomplish such a first.

It is only fitting and proper that Americans were first. The acknowledged father of rocketry, Robert Goddard, was an American. Admittedly, German cooperation was an important factor in the overall research and development, resulting in accelerated success. The German scientific assistance at the end of the war was both voluntary and enthusiastic, but there was no discernable German tendency to work with the Russians. It is common knowledge that, had there not been a World War II, Russia simply wouldn't have been in the running. Before the war, they couldn't even design an operative can-opener. Had they not forcibly seized most of the German rocket scientists, instituting threats and terror, the Russian space effort would still be at the horse-and-buggy stage. And since the war, they have methodically stripped the enslaved nations in eastern Europe of qualified scientists. Further Soviet progress resulted from a wealth of technical data passed on to them by officials of some of our previous administrations . . . and that which was not given, they simply stole.

God was with our boys on the Moon. The perfection of the entire flight proved that. This is as it should be.

THAT FIGURES!

A sideshow strong man had, for years, awed crowds by squeezing a lemon dry, then offering \$1,000 to anyone who could get another drop out of it. Nobody paid much attention when a scrawny little man in one audience dared to challenge him.

The strong man first squeezed the lemon until it was little more than a pulp, then handed it to the little man—who not only squeezed out another drop, but got almost a saucerful of juice.

"Amazing!" the strong man conceded. "What kind of work do you do?"

"I'm with the Internal Revenue Service," the little man replied.

OH, MY ACHING BACK!

In colonial days, folks rarely traveled around the state just for the pleasure of it. The roads were so rut-filled and the wagons and coaches so uncomfortable that, after a long ride, a body often wondered if he were still "all in one piece." In fact, according to William McMahon's book *Historic Town of Smithville*, for many years inns and taverns employed people who were known as "supporters." Besides serving as lackeys and stablemen, they helped people out of the wagons when they had been so shaken up they could no longer walk under their own power. They'd "support" these folks until their circulation got going again and their cramped muscles relaxed.

NEWS and EVENTS

IN CHAPTERS AND STATE SOCIETIES

Your SAR Magazine staff recommends that state societies appoint a qualified compatriot to assemble and transmit ready-to-print material to the office of the Editor. Cooperation by such state societies will obviously enable us to accord them a maximum of representation within these pages.

Do not send newspaper clippings or chapter notices, instead of ready-to-print resumes of activities.

Many situations necessitate the editing of submitted copy, and we reserve the customary editorial prerogative of condensing or omitting that which circumstances justify.

Due to limited space, the text of speeches and essays cannot be published.

Submitted photographs should be black and white glossy prints, for satisfactory reproduction, and should be "SAR subject-related."

Do not send photographs or material which are of such value that their return is necessitated. A service charge of \$1 will be made for each photo or item that must be returned.

Any news material that predates the last previous deadline will be considered too outdated for publication, and will be rejected.

same hour that the Declaration of Independence was signed in Philadelphia 193 years ago.

ARKANSAS SOCIETY

On Constitution Day, the new **Crowley Ridge Chapter** of Jonesboro joined with the DAR for appropriate ceremonies. A joint program was discussed for assistance in improving the genealogy room of the Jonesboro Public Library.

Contributions for the 1970 Arkansas Society Student Essay Contest are already being received, thus insuring the success of this worthy annual program.

CALIFORNIA SOCIETY

The California Society is now located and settled in more commodious quarters in the same Monadnock Building in San Francisco.

On June 21, the California Society presented the Gold Good Citizenship Medal to Maj. Gen. Glenn C. Ames, Commanding Officer of California Military Forces. The bestowal was effected at a gala luncheon at the El Rancho Hotel in Sacramento, before a large attendance of members and guests. The decoration was awarded by President R. Warburton Miller, who was assisted by V.P. Gen. Robert H. Swadley. Col. William L. Shaw, President of the host **Sacramento Chapter** served as M.C. General Ames then discussed the Berkeley student unrest, which lead to the call to active duty of 5000 National Guardsmen in June, who restored order and upheld state and local authority.

On July 4th, the SAR was featured on T.V. In addition to urging the observance of Independence Day, the compatriots related the history of our Society, and discussed membership qualifications. Due to the continued efforts of the SAR, bells were rung throughout the area, and over radio networks.

A "Spirit of '76" parade and patriotic rally were sponsored by the **Santa Barbara Chapter** on July 4th. Emphasis was placed on family participation, and many decorated private cars took part in the parade. An old-time family picnic followed the patriotic rally, at which state and local officials spoke. Funds for this patriotic program were furnished by the Roy E. Mayo Memorial Fund of the

Santa Barbara Chapter. Through this Fund, an ROTC scholarship was also given this year to the Univ. of California at Santa Barbara.

Members of **Pasadena Chapter** held their July 15th meeting at the home of Comp. Sweet. Comp. Lowery spoke on religion in the Armed Forces throughout history.

California Society President R. Warburton Miller (lt) congratulates Maj. Gen. Glenn C. Ames, following presentation of the Gold Good Citizenship Medal at Sacramento. At the right is V.P. Gen. Robert H. Swadley.

On July 28th at a luncheon meeting, the **San Francisco Chapter** heard Mr. Ed Montgomery speak on the so-called "bloody Thursday" last May at Berkeley. His excellent address was augmented with photographs.

The **San Francisco Chapter** has been cited by the ROTC of San Francisco for their faith and outstanding support.

DELAWARE SOCIETY

On Constitution Day, members and guests of the Delaware Society enjoyed a dinner program at the Rehoboth Beach Country Club. U.S. Senator (and SAR Compatriot) J. Caleb Boggs was the principal speaker, his subject being "The Importance of Constitution Day as seen through the Eyes of a United States Senator."

D.C. SOCIETY

Our Society continues its normal program of monthly luncheons with outstanding speakers, to which we have had an enthusiastic response. Our average luncheon attendance has risen to fifty compatriots. We are extremely fortunate to be able to draw upon both government and professional circles and to present experts on the most controversial and timely issues of the day. It is thus that we shall hear the Under Secretary of Transportation on Air and Highway Problems and Ambassador Charles E. Bohlen on Soviet-American Relations.

In September, we held our first evening reception at the Washington Club well attended by compatriots and their ladies.

Our Society shall serve as host for the next meeting of the Middle Atlantic States Conference.

We are particularly pleased with initial response of our membership in their payment of dues for Fiscal Year 1969-1970. We believe strongly that it serves little purpose to take in new members if we permit the loss of a greater number through the back door via non-payment of dues. Accordingly, we endeavor to provide every incentive to hold the interest of our membership and our main effort is directed toward that goal.

"Top brass" confers at the Middle Atlantic States Conference in Gettysburg. (l to r): Maryland Society President J. King B. E. Seeger, President General James B. Gardiner, Past Genealogist General Lynn D. Sprinkle, Past Vice President General Harold E. Wilmoth.

SOCIETY IN FRANCE

On June 10th, the **Society in France** held its annual meeting in the form of a banquet attended by U.S. Ambassador Sargent Shriver. Comte Rene de Chambrun, President of the **Society in France**, announced that the current membership of 120 is steadily increasing. President de Chambrun further reported the the Picpus Society (the French branch of the Children of the American Revolution) is thriving with membership growth and activity.

On the sunny campus of the University of Puerto Rico, Compatriot Gale R. McConachie awards the SAR-ROTC Medal to Cadet Rafael M. Benet.

The annual July 4th ceremonies at Picpus Cemetery were both colorful and impressive. Among those attending were Maurice Schumann, the Minister of Foreign Affairs; Edmond Michelet, the Minister of Cultural Affairs; the Mayor of Paris; the Vice President of the French Senate; the Prefect of Police; the Prefect of the Seine; U.S. Ambassador Sargent Shriver; and Admiral J. A. Tyree, USN, who replaced the American flag on Lafayette's tomb. Compatriot Harry F. Morse, Chairman of the Independence Day Committee, was present, and also attended ceremonies at the Washington and Rochambeau monuments in Paris.

INDIANA SOCIETY

The Indiana Society met at DePauw University in Greencastle on July 26th. The **William Knight Chapter** hosted the event which included business sessions, luncheon and an inspirational address by Chaplain General James A. DeWeerd, D.D.

A member of the **Continental Chapter** has submitted 14 supplemental applications, which is perhaps a record for the Indiana Society.

It was unanimously voted to present world-renowned humorist and a great American, Red Skelton, the Gold Good Citizenship Medal and Certificate for presenting the famous "Pledge of Allegiance" program on TV last January 14, 1969. It was also unanimously voted to present Indiana Congressman Richard L. Roudebush, the Gold Good Citizenship Medal and Certificate for having introduced the original amendment to N.A.S.A. legislation, requiring Apollo 11 to carry the American Flag to be planted on the Moon. We in Indiana are proud of these two native sons. Comp. Edwin P. Rhoads of the **Simon Kenton Chapter** was unanimously selected to receive the Patriot Medal. At the next

state meeting, Police Superintendent Robert K. Konkle will receive the Law Enforcement Commendation Medal.

It was announced by our State Orator Contest Chairman, Chaplain General James A. DeWeerd, D.D., that he was sending letters to all school systems in Indiana on September 1, urging them to start work on the selection of contestants for the SAR contest.

IOWA SOCIETY

On Flag Day, (June 14th), the Iowa Society led all other organizations in promoting observances in the State. Due to the efforts of President George M. Sheets, our Flag was flown from buildings, homes and poles throughout Iowa. After personal contact by compatriots, newspapers, radio and T.V. furnished maximum coverage.

The Iowa Society observed July 4th with the usual enthusiasm and success. Due to SAR promotion, the bells of churches, universities, colleges, schools, city and county institutions rang out. Even hand bells were rung extensively by individuals. At the suggestion of the Iowa Society and the **Herbert Hoover Chapter, SAR**, the ringing was concentrated between 11:45 and noon.

On July 4th at The Alamo, the cradle of Texas liberty, Past State Pres. Randolph S.D. Lockwood publicly reads the Declaration of Independence.

MASSACHUSETTS SOCIETY

The **Worcester County Chapter** has elected a slate of officers for the new year, headed by President Frank L. Berry, Sr. At this annual meeting, Comp. Robert F. Needam spoke on the approaching bicentennial program, and SAR Good Citizenship medals were presented to Scoutmaster Frank P. Stroka, John M. Dunbar and Theodore A. Mellor, all Quinsigamond Community College students. State President Albert W. Keddy, State Secretary Henry D. Grebenstein and National Trustee Paul S. Vaites, Jr. attended.

The **Jockey Hollow Chapter** held memorial ceremonies in Mendham at the grave of William Conant of the American Revolution. A bronze marker was installed. Rev. Daniel Pepper, State SAR Chaplain, conducted the services.

The **Montclair Chapter** has presented a \$250 scholarship award to a history student at Montclair State College, believing that "the lessons of the past should be part of the education of modern man." SAR Good Citizenship medals were presented to qualifying students in the graduating class of the Glen Ridge and Verona high schools. As another project, the Chapter placed a marker at the grave of Benjamin Scudder, Revolutionary Patriot.

The **Abraham Clark Chapter** participated in the annual Memorial Day parade at Roselle. On July 4th, a

Surgeon General Ray W. Mettetal, M.D. presents a gold lapel insignia and certificate to President Walter H. King, Sr. of the Stones River Chapter (Tenn.), who sponsored 18 new members.

Chapter delegation, with their families, attended bell-ringing ceremonies at the Presbyterian Church in Fanwood. The **Abraham Clark Chapter** takes pride in the announcement of the National Society, SAR, that our late beloved Compatriot Edgar M. Gibby was, due to his journalistic talent and devotion, solely responsible for the New Jersey Society's winning of the beautiful SAR Magazine Trophy.

The **John Rosenkranz Chapter** purchased the recording, "Ave' America" from the Louisiana Society, SAR, and arranged for it to be played by local radio stations on Independence Day. The Chapter has prepared and distributed a new membership roster, which even includes the name of the qualifying ancestor. A new slate of officers, headed by President James H. G. Naisby, is embarked upon an ambitious program for their administration, and has arranged for a presentation on the menace of narcotics, which will be described by the Narcotics Squad of the Newton Police Dept.

The **Paramus Chapter** will hear Lt. Col. Merle G. Sheffield of the U.S. Military Academy at West Point on Oct. 15th at the Ridgewood Country

Club. He will speak on "The Fortifications of Constitution Island."

A large number of compatriots and guests were on hand to "blow out the candles". The featured speaker was Mrs. Richard G. Smith, a past DAR Regent and current President of the Livingston Historical Society, who spoke on "Our Early American Presidents". The Chapter's Memorial Day Flag Committee is to be commended for having placed 13-star American flags at 6 landmarks, and on 150 Revolutionary graves in 7 cemeteries of Springfield, New Providence and Millburn.

The State of New Jersey has created and activated an American Revolution Bicentennial Commission. The Bill was sponsored by Assemblyman Wm. Schluter, and he credited Vice Pres. Gen. J. Neil Arrington and Past State Pres. Michael J. Dwyer for envisioning the program. Both of these distinguished SARs were present, in addition to State Pres. Richard E. Crane, when Governor Hughes signed the Bill at Trenton.

NEW MEXICO SOCIETY

At the Flag Day meeting in Albuquerque, the speaker of the evening was Dr. R. Lynn Carroll, who is on the staff of the National American Bicentennial Commission, and who outlined the story of the creation of the Commission and its present plans. At this meeting, Comp. James M. Caller, II, was honored with a Patriot Medal presented by James G. Marsh, Chairman of the Medals and Awards Committee. Governor Cargo had issued a proclamation announcing the 192nd Anniversary of Flag Day, and this was read by the outgoing State President, Robert W. Talbott. Col. Edward T. and together with the other new officers, was installed by Past State President Joseph H. Mullins.

Comp. Mullins and Comp. Col. Nelson T. Turner were later appointed by Governor Cargo to serve on the New Mexico Bicentennial Commission. Comp. Mullins was extremely active in preparing the enabling legislation and in securing its passage.

A history of the New Mexico Society has been prepared and is in the process of publication. It will cover the founding and operation of the Society through the month of June 1969.

EMPIRE STATE (N.Y.) SOCIETY

The Board of Managers of the Empire State Society met on June 14th at the Huntington home of State V.P. Reginald H. Metcalf, Sr. Presidents and members of chapters throughout the state were present. State President Harry S. Schanck reported on the 79th Annual Congress, and plans were laid for statewide bell-ringing on July 4th. The **Binghamton Chapter** is perhaps the leader in this annual observance. After the meeting, Comp. and Mrs. Metcalf, who had arranged a luncheon, guided the guests through the fascinating Metcalf home, the oldest part of which was built in 1679. The house, located at the village green, is tastefully furnished throughout with rare antiques, including an outstanding collection of Americana. Members of the DAR assisting Mrs. Metcalf wore Colonial gowns. Comp. Metcalf and his son, Comp. Reginald, Jr., with Huntington Chapter Pres. Kenneth W. Johnson, Jr., wore Continental uniforms.

A large crowd of Wall Streeters gathered before the historic Federal Hall Memorial at noon on July 3rd for the **New York Chapter's** annual Independence Day ceremony. The First Army Band provided a concert of stirring music, preceding the entrance of participating units of the

Armed Services. Compatriots Robert Lang, Jr. and Robert W. Steir, together with the latter's son, Gregory, garbed as "The Spirit of '76", added a delightful touch to the program.

Col. James W. Mitchel, a Past **New York Chapter** President and Chairman of the Observance Committee, presented an imposing plaque to the nearby Trinity Church. The plate will be affixed to the vault of Col. Marinus Willett, a Revolutionary War officer, who served as Mayor of New York, 1807-08. President Marinus Willett Hammill of the **Westchester County Chapter**, a direct descendent, and his family were present. Chapter Pres. Harry S. Schanck spoke on "Red, White and Blue Power". His address included reference to the coming Bicentennial celebration. A luncheon at Fraunces Tavern, scene of Washington's farewell to his staff officers, followed the ceremonies.

The **New York Chapter** held its annual summer outing at the farm of Comp. Robert Lang, Jr. at Southhold, L.I., on Aug. 17. A fine turnout of compatriots and their families enjoyed swimming, softball, games and a cookout.

In addition to the continued presentation of ROTC and Good Citizenship Medals to students in the New York area, the **New York Chapter** awarded its 4th annual scholarship to a Columbia University graduate student, Norman Fiering, for his doctoral dissertation. The \$200.00 award was made on July 3rd by Pres. Harry S. Schanck at Chapter Headquarters. The Award is given annually to a degree candidate nominated by the Department of History at Columbia University "to encourage scholarship and research in American history." This year's recipient has been appointed to a teaching research fellowship at the Institute of Early American History and Culture at Williamsburg, Va.

On Sept. 19th, **New York Chapter** members enjoyed an evening double-header at Shea Stadium between the New York Mets and the Pittsburgh

Pirates. A buffet dinner was served on the Press Level Terrace. In honor of the occasion, the center field sign flashed a special welcome to the SAR during the course of the evening.

On June 17th, the **Buffalo Chapter** met at the home of Pres. Pratt. Comp. Hallis Porre, a descendant of Moses Poore who was killed at the Battle of Bunker Holl, spoke on the highlights of that battle.

At June graduation ceremonies, the **Buffalo Chapter** awarded SAR Good Citizenship medals to 39 outstanding students in the city's elementary and junior high schools.

OHIO SOCIETY

Twenty compatriots spent six hours on June 14 at a planning meeting of the Ohio Society Board of Management held in Columbus. Under the chairmanship of President Merrill, events at the National Congress were reviewed and active plans made for intensive work throughout the state during the coming year. The Board of Management will meet again in November.

Throughout the chapters, special emphasis was placed on observance of "Constitution Day" in September. From 1964 to 1966, he served as an Advisor to the State Society, DAR.

Compatriot Swadley has rendered faithful and outstanding service to the SAR, and has held the office of president of both his chapter and State society.

Dr. Norman Fiering (It), winner of the New York Chapter's annual scholarship award to a Columbia University graduate student, is shown with Rev. Stephen J. Dibble, Awards Chairman, and Pres. Harry S. Schanck at the Columbia University Club where the Chapter headquarters is located.

Mrs. Laurence W. Corbett, Minnesota State Regent, DAR, eulogizes an outstanding patriot, V. P. Gen. Joseph Head, and presents him with a color picture of the signing of the Declaration of Independence on behalf of the DAR National Defense Committee.

Do You Care Enough, Compatriot?

FORM OF BEQUEST

For the convenience of those who wish to help further the work of our Society in preserving our American heritage and way of life, and to remember the SAR in their wills, this form of bequest is suggested:

"I hereby give, devise and bequeath the sum of dollars (or property properly described) to the National Society of the Sons of the American Revolution."

How Endowment Gifts May Be Made

The following are some of the ways of making gifts to the Society:

1. **By Special Gift under Your Will.** You may leave outright a sum of money, specified securities, real property, or a fraction or percentage of your estate.
2. **By Gift of Residue under Your Will.** You may leave all or a portion of your residuary estate to the Society.
3. **By Living Trust.** You may put property in trust and have the income paid to you or to any other person or persons for life, and then have the income or the principal go to the Society.
4. **By Life Insurance Trust.** You may put life insurance in trust and, after your death, have the income paid to your wife or to any other person for life, and then have the income or principal go to the Society.
5. **By Life Insurance.** You may have life insurance made payable direct to the Society.
6. **By Annuity.** The unconsumed portion of a refund annuity may be made payable to the Society.

It would be interesting to hear today's teen-agers tell their children what they had to do without.

WHERE'S THE DRIVER?

A motor vehicle survey has revealed that in 1940 each car on the road contained an average of 3.2 persons.

In 1950, occupancy had declined to an average of 2.1 persons per car.

By 1960, the average was down to 1.4 persons per car.

Holy smoke! If we project those statistics to 1980, every third car going by will have nobody in it!

THE BURIAL OF A HEART

About 55 years ago, an unusual ceremony took place at Tilly, Seine-et-Oise in France. France and the United States paid honor to an almost forgotten hero of the American Revolution, when the heart of Admiral de Grasse was reinterred beside the body of his American wife.

The ceremony, honoring the French hero of Yorktown, took place in the presence of American Ambassador Herrick, French Marshal Foch and other high officials of both governments.

The Admiral's heart was buried originally in a small lead coffin in the Tilly church, although his body was placed in a vault of a Paris church. Records were lost during the French Revolution, and it was only recently disclosed that the heart was discovered in a niche of the sacristy wall. A new vault was constructed before the altar where, under a marble tablet, the bodies of the Admiral and his wife now lie.

Francois Joseph de Grasse, Marquis of Tilly, was an early and ardent sympathizer of the American colonies, and shortly after Lafayette sailed for America, he assembled a fleet of warships to go to their aid. The British, alarmed at the bottling up of Cornwallis' army, rushed a huge fleet to the Virginia Capes and de Grasse, although holding an adverse position because of the wind, stood off to meet it. In two hours, he had dispersed the English.

About Americana Things just aren't the same anymore. One never sees a ghost haunting a lonely graveyard or a hobgoblin dancing down a moonlit road. And as for witches, there's nary a one to be had, except perhaps on Halloween or television.

Years back, things were different. Ghosts and spooks abounded and there was hardly a colonial town or village that couldn't claim at least one witch on whom to blame all the neighborhood misfortunes. Indeed, besides riding broomsticks at lightning speed and putting the hex on innocent people, witches also supposedly kept butter from churning and crops from ripening, soured the milk, sickened the livestock and caused all sorts of devilry.

Such witchcraft was no nonsense to lots of people in earlier times and they devised all sorts of ways to ward off the evil spirits, such as wearing a heart-shaped piece of beef with needles stuck in it like a cross, or nailing a horseshoe over every doorway in the house. And if things really got out of hand, housewives would try to placate the witch by inviting her over for a cup of tea! Apparently that was a fairly reliable spell-breaker.

But the average person could tolerate just so much sorcery, and when all other measures failed would often take a more aggressive approach to persuade the witch to leave him alone. One remedy which Colonials seemed to favor consisted of tossing a red-hot horseshoe into a bewitched tub of butter. And often, folks claimed in all seriousness, the witch would appear next day duly chastized, bearing the imprint of a horseshoe on her face.

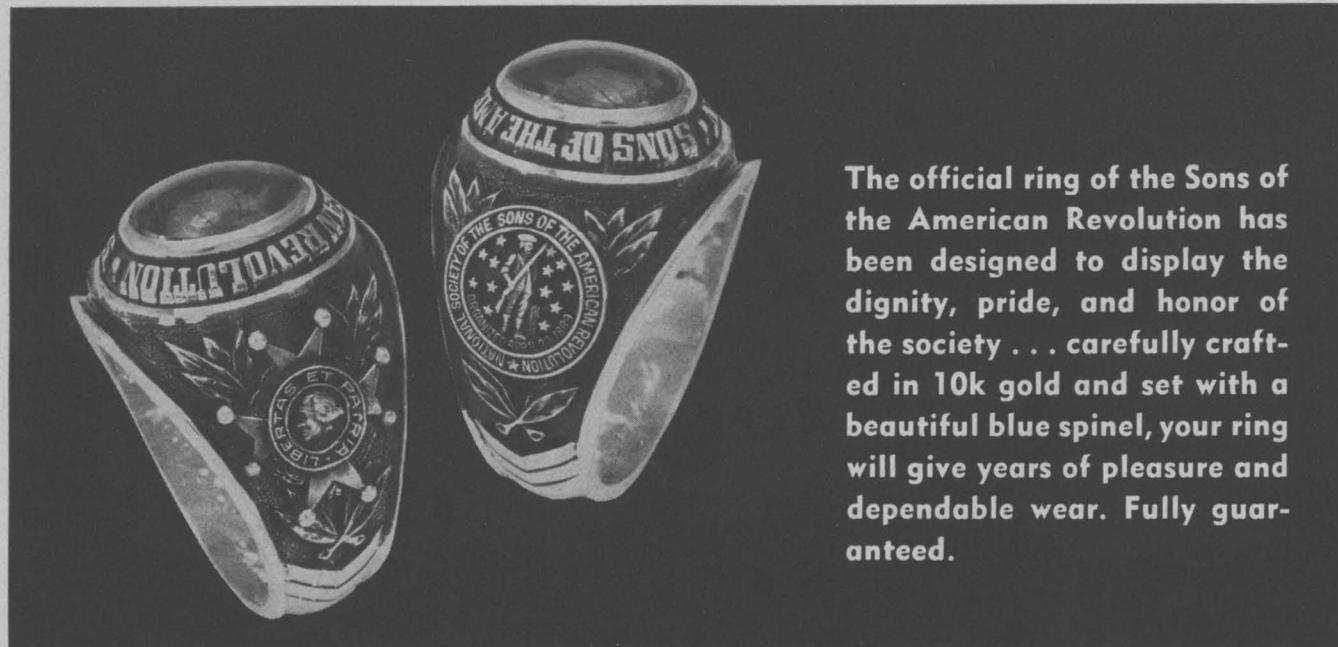

Fortunately, we're not burdened with such superstitions in this modern day and age. However, should a witch ever ring your doorbell, you may offer her a cup of tea if you wish, but we'd suggest candy or pennies. They make a bigger hit nowadays—especially on Halloween.

Announcing the Second SAR Charter Jet Flight to Europe \$205.00 Roundtrip

Due to the enthusiastic response and overall success of the first SAR charter flight to Europe, the SAR will sponsor a second trip for 1970. Although specific dates have not yet been determined, it is planned that departure from New York will be early in September for a duration of four weeks. Autumn in Europe is one of the most beautiful, least crowded and most economical seasons. Plans are underway for a gala banquet in Paris, hosted by the SAR Society in France. Debarkation and return embarkation privileges will include both London and Zurich. For those who prefer an organized tour after arrival, first-class arrangements are being arranged that will include London, Paris, Lucerne, Madrid, Granada and Marseilles. The next issue of the SAR Magazine will furnish further details. In the meantime, start planning now for a unforgettable vacation with the nicest folks on earth . . . your compatriots and their families.

Just before departure at New York, the passengers of the 1969 SAR Charter Flight to Europe pose for a farewell photo.

WHEN will our Country dedicate a U.S. postage stamp to the glorious memory of Douglas MacArthur, to whom it is so indebted? Now that John Dewey, Lucy Stone, John Powell, W. C. Handy and scores of other comparative unknowns have been so honored, let America remember one of her greatest sons.

Write **TODAY** to Mrs. Virginia Brizendine, Director of the Division of Philately, Post Office Department, Washington, D. C. 20260, and request that your letter be brought to the attention of the Stamp Advisory Committee. Remember to send a copy of your letter to your Congressman and Senator. Let Justice be done!

The modern American drinks Brazilian coffee from an English cup while sitting on Danish furniture after coming home from an Italian movie in his German car. Then he looks at his Swiss watch and picks up a Japanese ballpoint pen to write a letter to his congressman, demanding that something be done about all the gold that's leaving this country.

NATIONAL COMMITTEES, 1969-1970

The July issue listed the chairmen of the National Committees. Due to the inability of Mr. E. Turpin Phillips to serve as chairman of the Basic Documents Committee, a rearrangement has been made, so that Mr. T. G. Linthicum will be chairman of that committee, and Mr. W. Y. Pryor will replace Mr. Linthicum as chairman of the Medals and Awards Committee.

A Bicentennial Committee has been established. The purpose and functions of this important committee are, as described in the President General's message in this issue, (1) to coordinate the activities of all patriotic societies during the Bicentennial of the American Revolution, and (2) to motivate the Federal and State Bicentennial Commissions into promoting actively the observance of the Revolutionary Bicentennial.

At Tennessee A & I University, President Clifford Love of the Andrew Jackson Chapter awards the SAR-ROTC Medal to Cadet Michael W. Vinsang.

According to J. Edgar Hoover, director of the Federal Bureau of Investigation, "Crime must be reduced by eliminating the huge profits and the soft justice which attract criminal-minded individuals. Avalanches of crime and terrorism cannot be tolerated in a society of free men. Either we win the war against crime or the priceless heritage which we cherish will be destroyed. Full justice is needed—stern justice. We need justice which keeps the balance true and affords the law-abiding public an even break. We need justice which deals swiftly and surely with the criminal, convincing justice which means a quick arrest, prompt prosecution, and substantial punishment of the guilty law-breaker."

Vice President General Joseph Head presents the SAR-ROTC Medal to Midshipman Ryan Hanson at the University of Minnesota.

"Americanism means the virtues of Courage, Honor, Justice, Truth, Sincerity and Hardihood—the virtues that made America. The things that will destroy America are: Prosperity at any price, peace at any price, safety first—instead of duty first and the get-rich-quick theory of life."

"I do not believe in the capacity of the state to plan and enforce an active high-grade economic productivity upon its members or subjects.

"No matter how numerous are the committees they set up, or the severity of the punishments they inflict or threaten, they cannot approach the high level of internal economic production which, under free enterprise, personal initiative, competitive selection, the profit motive corrected by failure, and the infinite processes of good housekeeping and personal ingenuity, constitutes the life of a free society."

Meet the Delaware Society, SAR, officers for 1969-70.

LET'S TALK TURKEY!

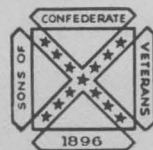

Did you ever wonder how that magnificent pheasant-like bird came to be associated with the Thanksgiving tradition in America?

Actually, the turkey is one of the few fowl native to North America. It once abounded along the Atlantic seaboard and may very well have been a part of the first Thanksgiving feast.

The domestic turkey, largest of all the species, was introduced into Europe by the Spaniards early in the 16th century, although the first English explorers probably also brought back live specimens. Since then these birds have been raised for the table in both hemispheres.

There is no proof that turkeys were known in the Old World before the discovery of North America, although tradition says that the Greeks were responsible for naming the bird.

The combs on the head of the male bird reminded the Greeks of the Turks wearing their red fezes. Hence, they named the bird a "turkey."

It is becoming increasingly difficult for the National Headquarters staff to operate efficiently because the present facilities, originally designed as a private home, are no longer adequate. With the mounting work load, together with a growing inventory of genealogical volumes and museum items, we must have more space for offices, records, library and museum. The practical and most economical solution is the construction of an adjoining building,

An announcement from Compatriot Harry S. Schanck, National Membership Chairman, c/o S.A.R., 4 West 43rd St., New York, N. Y. 10036

THE RECRUITMENT OF RELATIVES PLAN HAS BEEN LAUNCHED

TO ALL MEMBERS OF S.A.R.

Dear Compatriots:

The Membership Committee has launched its campaign for the "Recruitment of Relatives" of the members of this distinguished Society. You may have received a letter from the Chapter or State President asking you to provide a list of living relatives. The reason for this plan is to invite your living relatives to join the nearest chapter and share with us their rightful privilege to a "Precious Heritage" as descendants of the American Revolution. Just seven short years hence the TWO HUNDREDTH ANNIVERSARY OF THE INDEPENDENCE OF THIS NATION will be commemorated. It is the desire of this Membership Committee to enroll all living relatives into the ranks of this distinctive Society so that they may participate in this most momentous achievement.

Request your Chapter or State President to provide you with as many cards as shown on the right as required to name your living relatives. These cards will introduce the Membership Committeemen to your relatives. This plan has enormous possibilities. Its value will be determined by your participation.

AS WE SOW TOGETHER WE SHALL REAP ABUNDANTLY.

WE MUST NOT FAIL TO INCREASE THE MEMBERSHIP OF THIS PATRIOTIC SOCIETY.

"What Will You Tell Your Children"

HOW WILL YOU EXPLAIN WHEN YOUR YOUNGSTERS ASK YOU ABOUT THE AMERICA THAT WAS?

Oftentimes, for the sake of argument, one must stipulate to certain points as facts. Let's hope that our friends who see no danger in the Communist program will agree, for the time being, that there is such a danger and that the danger may suddenly overcome America, just as it did Czechoslovakia. What will you tell your children?

Let's say, for the sake of argument, that the Reds assume control; they are in control of communications, they are in control of public utilities, they have slaughtered or imprisoned the police, they have clobbered resistance, and America lies prone awaiting the blood purges that must certainly follow, enduring the terrifying period of vacuum before the caked heel of Godless Communist tyranny comes smashing down.

What will you tell those youngster clustered at your knees? How will you tell them that their nation, strong, dynamic, and compassionate a few years ago, is now gone? How will you tell them that you cannot go to the store and buy food for them because the store is locked against its owners and that your money is no longer any good? How will you tell them that the policeman on the corner is no longer a friend—he has been replaced by a tyrant from the steppes of Asia or from the rice fields of China? How will you tell them that the America your fathers gave to you has been lost?

What will you say when your little son, who feels you are a Marshall Dillon or a Hopalong Cassidy, asks you why you don't take a gun and go out to set things straight? What will you say when your teenager asks you what you have done to prevent this takeover? Will you tell him you played golf or went fishing or learned to water ski, or worked in the garden or learned to make ceramics or hiked in the hills or a million other things, while your nation went down the drain?

What will you say when these children, whose lives have already been blueprinted for them, ask what they should do? How will you advise them when they ask if they should resist? What will you say if they ask you if they should continue to adore God, despite the ultimatum of the New Order? What will you do when the order comes to gather your children and ship them into State camps where they can become robots of the State?

Communist writings openly predict that they will seize control centers, and that the great mass of population will lie prostrate. Records show that the lawless of a nation will take this opportunity to swoop down on the helpless, motivated in part by the same drive that causes looting after floods have driven people from their homes. Can you be sure that this will not happen—especially after you read of the riots in Harlem and Rochester? There certainly was no motivation to justify attacks upon citizens and police, and the destruction of private property. How would these same people react if all laws were suddenly eliminated?

Or, suppose you lived through the blood baths, and 15 years from now your youngsters asked about the America that was. Will you tell them of the freedoms you had, the freedom to go where you wished, to do what you wished, to say what you wished? Will you tell them of the fun you had and the happiness you had? What will you say when they ask how these things happened to slip away?

Will you admit that you dismissed all efforts to halt the drift toward Communism as "McCarthyism," that you helped smear everyone who tried to point out the danger?

If you are a father or mother, look at your children. If they are asleep, walk in and look at them—peaceful, contented, trusting. Are you doing anything to prevent just such a terrifying picture as we have painted? Do you bother to inform yourself on the drift toward tyranny? Or do you plan to collaborate with the enemy, to "make friends" with the New Order?

If America is to be spared this terror, it must be because her people have forbidden it. If the people will not stem the tide, then each American must face the terror that has already been visited upon Czechoslovakia, Poland, Yugoslavia, East Germany, Latvia, Lithuania, Estonia, Manchuria, and many, many other lands.

And Mister, what will you tell your children?

COLORFUL COURIERS

During the last days of the Revolution, mailmen of the Continental Congress Postal Service wore a mighty colorful uniform. Eliza Quincy, a young matron of the time, described the postman who traveled between Philadelphia and Morristown as wearing a "blue coat with yellow buttons, a scarlet waist coat and blue yarn

stockings," topped off by a "red wig and cocked hat." The natty outfit notwithstanding, these were a hardy breed of men. They covered at least 100 miles a day on horseback moving the mails . . . a feat which oftentimes required them to spend the better part of 24 hours in the saddle, riding at top speed.
