The PRESIDENT GENERAL'S MESSAGE ~ ~ ~

from Detroit, Michigan

MARION H. CAWMER
PRESIDENT GENERAL

gratulated for the State's role in the Congress. The strength and enthusiasm of the compatriots in the Florida Society was apparent during our entire stay in Palm Beach. My wife, Kamma, and I appreciate the special efforts of those compatriots who helped us top off our stay in a memorable fashion.

The customary and necessary business details were carried off expeditiously.

In another part of this issue you will find the Resolutions that were adopted at this Congress. Acquaint yourselves with them and they, together with resolutions adopted at previous congresses, make admirable material for interesting programs in the local Chapters.

A meeting of Vice Presidents General and Trustees gave those officers in attendance an opportunity to become better acquainted with the responsibilities and opportunities of their office.

A caucus for the State Presidents under the leadership of Compatriot Sellers proved interesting, and plans were laid to make such a meeting a part of our next Congress in Baltimore, Maryland, June 23 through June 26, 1974.

The Eighty-Third Annual Congress of our Society was most successful. The number of delegates in attendance placed it third among the Congresses held since 1964.

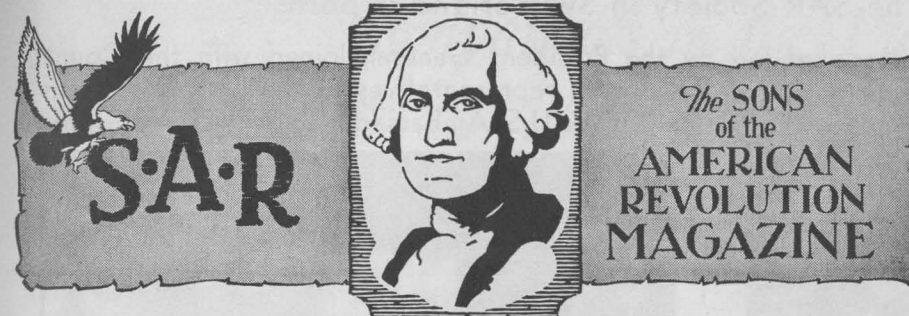

The Florida Society committees with Carl K. Hoffmann, as Chairman, and Matthew B. Sellers, the President of the Florida Society, as Co-Chairman, are to be con-

The effectiveness of Compatriot Erwin's efforts in the "How-They-Voted" program was demonstrated in a seminar conducted by him. It was encouraging to see how the program is being put into effect through the active interest of our Compatriots.

I appreciate the opportunity to serve the Society as President General. I will endeavor to attend all District Meetings, and such other meetings of State Societies as can be mutually arranged.

There is no need to remind you that, in 1976, we will be celebrating the two hundredth anniversary of the birth of our nation. We, as members of the Sons of the American Revolution, are intimately identified with that occasion. What an opportunity is thus presented to us to swell our membership by seeking out and encouraging those eligible to membership in our Society to join with us and be identified as descendants of those concerned patriots who fought to give us the liberties we now enjoy.

Many of us are distressed by the present plethora of problems that face the nation and come to our attention daily through the media of the press, the radio, and the television. The problems more or less affect us personally in our businesses and our daily lives. These times are no different than the times which we have passed through in the past—the only difference is in the problems themselves and how they developed. Any such problem, great or small, is capable of being solved. It only requires our patience, ingenuity, and willingness to apply ourselves to find the solutions. In solving the problems of the past, we have emerged a greater and stronger nation. Let us remember that, as we progress toward satisfactory resolutions to our present difficulties, there will always be new problems, new anxieties, and new situations to challenge us, but with the qualities we have as patriotic Americans, our perseverance will meet and overcome them.

break-in was stupid and criminal, and the related misdeeds were totally unworthy of American leadership. However, in reality, these were no less disgraceful than the Bobby Baker scandal of the Johnson administration. And what's worse than the theft of the Presidency itself? Ballot manipulations in Illinois and Texas put Mr. Kennedy in the White House. Isn't it strange that our ultra-liberal news media didn't get hysterical over those?

I condemn a greater crime than Watergate, perpetrated by our government. If the Soviet grain deal was not sheer stupidity, then it was deliberate treason committed against the American people. We taxpayers paid in excess of a \$300,000,000 subsidy so our red enemies could have our wheat at a giveaway price of \$1.63 per bushel. If you and I buy wheat now, it'll cost us about \$5. We then handed the communists a low-interest loan of \$500,000,000 so they wouldn't have to use their own money for payment. Can God-fearing Americans feed their families so easily?

A conservative estimate of the cost

SUMMER 1973

"Keep U.S.A. First". That's an SAR motto, and it's a darned shame that it isn't a doctrine of our federal government.

I can't get too excited about Watergate and the theatrics of the hearings. Sure, the

of this "deal" in 9 months to our American citizenry exceeds \$3,200,000,000. And what did Mr. Nixon say 10 years ago about the selling of wheat and other agricultural goods to the Soviets by the bungling Kennedy administration? . . . "I think that this will turn out to be the major foreign policy mistake of this administration, even more serious than fouling up the Bay of Pigs. What we are doing is subsidizing Khrushchev at a time when he's in deep economic trouble. It pulls his economy out of a very great hole and allows him to divert the Russian economy into space and military activities that he would otherwise have to keep in agriculture."

Thanks to this disregard of a "Keep U.S.A. First" philosophy, the Soviet Navy is now the most powerful on earth. Our air force equipment is comparatively obsolete. Our politically-appointed courts are freeing traitors who steal our military secrets. The Chase Manhattan Bank is lending \$86,000,000 to our foes so a diesel truck plant with an annual output of 150,000 trucks may be built east of Moscow . . . and this nefarious loan is guaranteed by the Export-Import Bank, which is funded by the American taxpayer. FOREIGN GIVEAWAYS LAST YEAR TOTALED \$17,048,700,000! And for the last straw, our State Department has agreed to let Russia settle the World War II debts for only 6½¢ on the dollar, and it's no secret that the communists do not even intend to make this tiny payment until after Congress has granted them "most-favored nation" status.

How much of this would our ancestors at Lexington and Concord have tolerated?

This editorial reflects the opinions of the Editor, and is not to be construed as the official view of the Sons of the American Revolution.

NEWS and EVENTS

IN CHAPTERS AND STATE SOCIETIES

Your SAR Magazine staff recommends that state societies appoint a qualified compatriot to assemble and transmit ready-to-print material to the office of the Editor. Cooperation by such state societies will obviously enable us to accord them a maximum of representation within these pages.

Do not send newspaper clippings or chapter notices, instead of ready-to-print resumes of activities.

Many situations necessitate the editing of submitted copy, and we reserve the customary editorial prerogative of condensing or omitting that which circumstances justify.

Due to limited space, the text of speeches and essays cannot be published.

Submitted photographs should be black and white glossy prints, for satisfactory reproduction, and should be "SAR subject-related."

Do not send photographs or material which are of such value that their return is necessitated. A service charge of \$1 will be made for each photo or item that must be returned.

Any news material that predates the last previous deadline will be considered too outdated for publication, and will be rejected.

MISSISSIPPI SOCIETY

A magnificent lady of the true South, Mrs. Eva Whitaker Davis of historic Vicksburg, was recently honored with the SAR Good Citizenship Medal from the **Dr. Joseph Warren Chapter** and the Mississippi Society. When a new court house was dedicated in 1939 by Gen. Dwight D. Eisenhower, the fate of the old building which had been built in 1858 was in doubt. It had survived the War Between the States, and its clock had kept punctual time since its construction. When others did nothing, this gallant lady performed a "work of love," and fought hard to save the old court house. After years of devoted labor, thanks to Mrs. Davis, the building has been saved. The Dept. of Interior has declared it to be a national landmark. We salute Mrs. Davis, a real gentlewoman of Mississippi.

Mrs. Eva Whitaker Davis, eulogized as "a grand lady, a wonderful friend, a notable historian and a real example of the true South," receives the SAR Good Citizenship Medal from officers of the Mississippi Society and the Dr. Joseph Warren Chapter. (l to r): State Pres. S. L. Johnson, Mrs. Davis, Chapter Secty. (Dr.) Paul E. Ballard and Chapter Pres. B. H. Lindley.

Dept. of Forests & Parks speak on "Restoration of the Hermitage," a colonial home federally designated as a national landmark. Guests included State Chancellor Michael J. ATTENTION! CHAPTERS & STATE SOCIETIES

This paperback book isn't just another story of the life of the Father of our Country. It's a new refreshing approach, dwelling upon the youth and formative years of George Washington . . . the training and experiences that made him what he was. This thrilling easy-to-read book will inspire American youth at a time when such inspiration is critically needed.

Here is a suggested plan of action: Compatriots should contact businessmen, within or without SAR ranks, suggesting that they allocate fifty or a hundred dollars of their advertising funds to the purchase of these books. Businessmen will appreciate the fact that they will be given the benefit of a reduced price (perhaps \$75 per 100 books). They would then be invited to stamp their advertising message or, at least, their identity in the inside of the front cover. For example: "Compliments of John Doe, Insurance—or First National Bank." If these books are presented to all members of the local high school graduating class, the program can reoccur each year. Employers could also present them to all their employees, especially those with children.

The distribution of this book could well be responsible for helping to reduce theft and wanton destruction, if children try to emulate George Washington's honesty, obedience, industry, modesty and religious respect. It should not be too difficult to find concerned patriotic businessmen to participate in this worthy program. In their realization that America is in dire peril, they will appreciate an opportunity to help in improving these dangerous conditions. Furthermore, contributors should remember that their participation is tax-deductible, as a legitimate advertising expenditure.

For quantity prices, see the price list on page 11.

Now you can earn funds for your treasury and advance the cause of Americanism at the same time! Send \$1 to National Headquarters for a sample copy TODAY!

Baugh, Darall G. Hawk, Fred T. Leathers, Stuart H. Tucker, W. Clark Erwin, Graber Kidwell and K. Brent Johnson. As is customary at an Annual Congress, many guest-compatriots were in attendance.

The minutes of the February 3 meeting were approved as printed and distributed in the Spring issue of the SAR MAGAZINE, but with one exception. It was moved by Comp. Anderson and passed that the previous minutes be rephrased to clearly state that there was not any projection for a mandatory per capita assessment relative to the Building Fund. A recommended amount for each member was proposed merely as a goal for chapters and state societies.

It was moved by Compatriot Smith and passed that guests be granted the privilege of the floor without the right to vote.

Upon the resignations of Trustees Seaman, Beckham and Fulton, Compatriots Dunaway, Baugh and Van Dusen were elected. With the death of Trustee Stutler, Comp. Johnson was elected.

Reports were delivered verbally by the General Officers, most of whom briefly referred to theirs in the printed volumes.

Chancellor Gen. Prugh moved, and it was passed, that prior actions of the Trustees relating to the formation of a trust to administer the Pension Fund be rescinded. The Pension Fund is to remain an asset in the name of the National Society, appearing as such on the balance sheet, showing how invested, and off-set as a liability showing the indebtedness of the Society

to the pensionees. The Fund and the income therefrom are to be used solely for the purposes of the Pension Fund program, which was approved by the Trustees on May 25, 1969.

The letter of the auditor, Sidney Rubin, C.P.A., to the Trustees was read. Upon the recommendation of the Executive Committee, a motion by Comp. Lathrop was passed that the letter be accepted as read.

Upon the recommendation of the Executive Committee, Comp. Hewitt moved, and it was passed, that the proposed budget be favorably recommended to the Congress for adoption, with a provision that \$6,000.00 be transferred to the Pension Fund this fiscal year.

There was discussion relative to the SAR MAGAZINE, citing increasing costs of postage, labor and paper. A motion by Comp. Tarbox was passed that the Executive Secretary study the matter and report fully at the October Trustees' Meeting.

It was moved by Comp. Barton and passed that the dates for the Executive Committee and Trustees' Meetings be Friday, October 12 and Saturday, October 13, 1973.

Comp. Swofford spoke on the federal Bicentennial program and grants. As a federal official involved in the program, he offered to assist at the chapter, state and national levels in any possible way. Upon being questioned by the Executive Secretary, Comp. Swofford expressed his opinion that a federal grant would enable our Society to prepare and publish an SAR Patriot Index.

Comp. Parker spoke on proposed amendments to the bylaws which would be voted upon by the Congress.

There was no old business.

New business was restricted to a report by Comp. Hewitt on the Florida Society's establishment of a trust fund for operating funds.

Several announcements were made relative to arrangements for the Congress, and the Benediction was delivered by Chaplain Gen. Head. It was moved and passed that the meeting be adjourned at 12 noon.

Similar messages were given in person by the Mayor of Palm Beach; the President General of the National Society, DAR; the President of the Florida Society, SAR; and the State Regent of Florida, DAR.

Pres. Gen. Morgan warmly greeted those present, and delivered an informative report of his tenure. His report was followed by those of the General Officers, most of whom spoke briefly and pointed out that their more detailed reports were contained in the printed compilation. The Executive Secretary urged that these reports be studied carefully, and that extra copies be taken back to the state societies and chapters.

National Chairmen or their representatives reported for each committee, commencing with the Americanism Committee. Chairman Charles A. Anderson, M.D., of the Building Fund Committee urged Trustees and State Presidents to press for contributions in their areas. He then moved that the Congress endorse and support a Building Fund program that would set a voluntary minimum donation of \$20.00 per member. After some discussion, Comp. Manbeck requested that the motion be withdrawn, and that a substitute motion be made for such voluntary contributions on a per capita basis to be the responsibility of each state society, and that the final report be ready for the February 1975 Trustees' Meeting. The motion carried.

The Bylaws Committee Chairman then presented and moved the proposed amendments to the Constitution and Bylaws of the National Society as previously distributed.

Is It Really Benevolence?

When deer continually are given handouts, they soon lose the ability to fend for themselves when there is no "big brother" to feed them. Bears in some parks become insolent after being fed by visitors and tend to resort to violence to get what they have come to consider their just due. Chipmunks and squirrels become spoiled by tidbits from tourists, gather in the area where the largest dole is handed out and thus destroy the balance of nature so that self-support not only becomes seemingly undesirable but is impossible. Animals raised in the protected permissive atmosphere of a zoo cannot survive if released to their own resources.

There simply must be a message in all of this, somewhere! Substitute "people" for animals; "city and Federal Government" for visitors, tourists and big brothers; "relief and subsidy" for food and tidbits. Does this suggest anything to you?

The National Society of the Sons of the American Revolution, at its 83rd Annual Congress, assembled from June 24th through June 27th, 1973, at The Breakers, Palm Beach, Florida, adopted the following resolutions:

Resolution No. 1

WHEREAS, in seeming disregard of the provisions of the Tenth Amendment to the Constitution of the United States, there appears in recent years to have been an increasing tendency to centralize in the federal government certain powers over subjects and matters not properly within the scope of federal authority or jurisdiction, and

WHEREAS, one area of vital and significant importance to the continued progress and well being of our great nation upon which such encroachment of federal power has seriously intruded is in the field of education of our young people upon whom will devolve the responsibility for the conduct and preservation of our country, its institutions, and its form of government as we have known them,

NOW, THEREFORE, BE IT RESOLVED by the National Society, Sons of the American Revolution in its 83rd Annual Congress Assembled, that the design, structure, and administration of publicly supported educational systems is, and ought to be, the exclusive duty and responsibility of the individual and separate States of the Union in such manner and by such means as each of said States shall independently determine, and

BE IT FURTHER RESOLVED, that all federal agencies, including the Congress, the executive branch, and the courts should refrain from any interference, whether by coercion, force, persuasion, or otherwise, with the orderly performance by the several States of their responsibilities in the field of education.

*Resolution No. 2

WHEREAS, on the ill-founded premise that access to biographical data as contained in federal census records constitutes an invasion of privacy, and

WHEREAS, there is presently pending in the House of Representatives a Bill (H.R. 7762), some of the provisions of which will permanently restrict accessibility to the 1900 and later census records, thereby detrimentally affecting historians, researchers, genealogists and applicants for admission to memberships in many worthy organizations wherein lineage is among the factors determining eligibility, of the valuable information and data available in such records, and by so doing, seriously endangering the future growth of such organizations, including our own,

NOW, THEREFORE, BE IT RESOLVED by the National Society, Sons of the American Revolution in its 83rd Annual Congress assembled, that it opposes any efforts to restrict accessibility to the 1900 and later census records, whether by legislation, executive or administrative fiat, or by any other means.

Resolution No. 3

WHEREAS, Pollution of the nation's air, water, and land and the misuse of our natural resources are a threat to our health and to our very existence, and

WHEREAS, widespread public concern has expressed itself to establish curbs on litter and pollution, and to encourage conservation of natural resources through the development and utilization of our technology and scientific research, and

WHEREAS, in response to the critical need for environmental education and action to combat and overcome pollution, and to expedite acceptance of resource recovery to conserve our natural resources, the nationwide, action-oriented environmental awareness program—Johnny Horizon '76—"Let's Clean Up America For Our 200th Birthday"—was developed by the United States Department of the Interior, with the support and cooperation of the Department of Defense, General Services Administration, the U.S. Postal Service, the President's Council on Environmental Quality, the Civil Service Commission, the Federal Highway Administration and the Tennessee Valley Authority, among others, along with more than 1,500 business, industry and citizens' groups and organizations, and

WHEREAS, the Johnny Horizon '76 "Let's Clean Up America For Our 200th Birthday" Program has widely demon-

strated its ability to translate citizen concern into positive action such as community and country-wide cleanups, inner city beautification and conservation programs; in consequence whereby the American Revolution Bicentennial Commission in Washington, D.C. has officially recognized the Johnny Horizon '76 Program as an activity in furtherance of, and as a part of, the National Bicentennial Program and that it has been awarded the use of the Official Symbol.

NOW, THEREFORE, BE IT RESOLVED:

1. That the National Society, Sons of the American Revolution in its 83rd Annual Congress assembled, acknowledges the overwhelming importance of the emerging environmental ethic in America based on the public demand that our air, water and land be cleaned up, and that our natural resources be conserved through resource recovery, all to the end that the quality of life might be improved for all our citizens.

2. That the said National Society agrees that the objective of cleaning up America, visually and ecologically, represents an important and highly desirable Bicentennial goal, as well as an ultimate objective for the well-being of all of us.

3. That the said National Society itself, and through its State Societies and local Chapter Program Committees—working in harmony with local civic and community organizations—do actively and consistently seek to help plan, develop and implement local Johnny Horizon '76 "Let's Clean Up America For Our 200th Birthday" Action Programs as a vital and significant part of our Nation's Bicentennial celebration effort.

Resolution No. 4

WHEREAS, the United Nations membership has grown in number to 132 nations and

WHEREAS, each of the Nations has a vote in the United Nations, equal to the vote of the United States, and

WHEREAS, a two-thirds voting majority in the general assembly can be formed by nations with less than ten percent (10%) of the world's population and which contribute approximately five percent (5%) of the United Nations' assessed budget,

NOW, THEREFORE, BE IT RESOLVED by the National Society, Sons of the American Revolution at its 83rd Annual Congress assembled, that, pending the withdrawal of the United States from the United Nations entirely, we recommend to the consideration of our representatives and senators in Congress that the United States' financial support of the United Nations be re-adjusted to a more reasonable proportion, based upon a consideration of equal responsibility of all members.

Resolution No. 5

WHEREAS, we deplore the abandonment of the actual dates of George Washington's Birthday and Veterans Day for random weekend dates, unassociated with the patriotic and reverent purpose of their inception, and

WHEREAS, our Society has as one of its purposes the preservation and reverence for such patriotic occasions,

NOW, THEREFORE, BE IT RESOLVED that the National Society, Sons of the American Revolution at its 83rd Annual Congress assembled, urges the observance of the actual dates of February 22nd and November 11th as the proper dates for honoring and commemorating George Washington's Birthday and Veterans Day respectively.

Resolution No. 6

WHEREAS, the South Carolina Society has developed a project for the purchase and restoration of the home of Edward Rutledge, one of the signers of the Declaration of Independence;

NOW, THEREFORE, BE IT RESOLVED by the National Society, Sons of the American Revolution in its 83rd Annual Congress assembled, that it endorses the action of the aforesaid South Carolina Society and urges the establishment and main-

tenance of the Edward Rutledge home as a permanent memorial to his memory.

Resolution No. 7

WHEREAS, reliable reports indicate that the United States is rapidly eroding its international position of strength in regard to its military, air and naval capabilities, and

WHEREAS, George Washington admonished us, in the time of peace, to prepare for war,

NOW, THEREFORE, BE IT RESOLVED by the National Society, Sons of the American Revolution in its 83rd Annual Congress assembled, that the preservation and security of American liberty and our Republican form of government make it imperative that the military capabilities of this country be continually maintained in such strength and posture as to enable the United States to successfully repulse all threats to its existence from within and without the territorial boundaries of this nation.

Resolution No. 8

WHEREAS, the American people have paid tender tributes to the sacrifices of their sons who gave their lives in battle in World War I, World War II and the Korean Conflict by selecting unknown soldiers for special honors and respect at the tombs of the unknown soldiers in Arlington National Cemetery,

NOW, THEREFORE, BE IT RESOLVED that the National Society, Sons of the American Revolution in its 83rd Annual Congress assembled, urges the United States Congress to honor in like manner the unknown soldiers, unidentified in death, who were victims of the Vietnam War, for their supreme sacrifice in the service and uniform of the United States of America.

Resolution No. 9

WHEREAS, our armed services have traditionally constituted the shield and sword of the Republic against aggression by a foe, and

WHEREAS, such mission has been executed in the past in a brave and honorable manner by officers and men dedicated to the rigors and hazards of the armed forces, and

WHEREAS, during the past decade, there has developed a permissiveness, laxity in discipline, disrespect for authority, lowering of standards of personal appearance, and lowering of mental and physical standards, and

The SAR salutes Halsey & Griffith, Inc.

Pres. Henry A. Cook of the Palm Beach Chapter (Fla.) receives three checks, each for \$1,000, from Directors of Halsey & Griffith, Inc. for the SAR Building Fund. (l to r): Comp. James L. Waugh, Jr., Comp. Robert T. Siemon, Comp. James L. Waugh, Sr., Comp. Willard Utley and Mrs. Siemon.

Our Society is indebted to the Directors of Halsey & Griffith, Inc., office supply and equipment dealers of West Palm Beach, Fla., who have voted to honor 3 of their deceased directors by donating \$3,000 to the SAR Building Fund. Those voting this contribution were Comp. James L. Waugh, Sr., Chairman of the Board of Halsey & Griffith, Past Palm Beach Chapter President and currently Regional V.P. of the Florida Society; Comp. Robert T. Siemon, President of H & G, and Palm Beach Chapter Treasurer; Comp. James L. Waugh, Jr., Vice Pres. of H & G, and Palm Beach Chapter

WHEREAS, such ideas have resulted in near-mutinies on fighting ships and at land bases, and have further resulted in a widespread decline in standards of morale and discipline as well as fighting capability,

NOW, THEREFORE, BE IT RESOLVED, that the National Society, Sons of the American Revolution in its 83rd Annual Congress assembled, urges the President of the United States, as commander-in-chief of the armed services, to correct this troublesome situation by restoring a policy of traditional high military standards of conduct and discipline.

Resolution No. 10

Resolution No. 11

WHEREAS, the 83rd Annual Congress of the National Society, Sons of the American Revolution, has been successful in every respect, and

WHEREAS, that success has been due to the efforts of those who planned and took part in the program,

NOW, THEREFORE, BE IT RESOLVED by the National Society, Sons of the American Revolution, that it hereby expresses its gratitude and deep appreciation:

1. to the President General for his able leadership.
2. to the officers, chairmen, and members of their committees.

8. to all individuals who contributed to the success of this Congress.

*This Resolution was slightly altered by the Executive Secretary with the authorization of the President General and Resolutions Chairman, following the Annual Congress, to conform with and be pertinent to current pending Federal legislation.

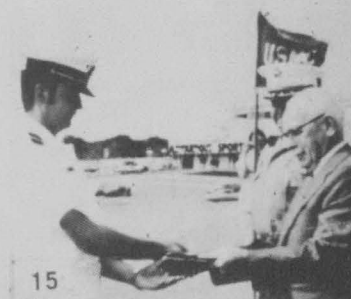

Secretary; Comp. Willard Utley, Secty. of H & G, and a Palm Beach Chapter member; and Mrs. Margaret Siemon, daughter of Comp. Waugh, Sr. and wife of Comp. Waugh, Jr.

The donations honor the memory of: Mrs. James L. Waugh, Sr. (Clara Schutz Waugh), deceased wife of Comp. Waugh, Sr. and the mother of Comp. Waugh, Jr. and Mrs. Siemon; Comp. John L. Griffith (deceased), Past Pres. of Palm Beach Chapter; and Hon. William L. Halsey (deceased), Pres. of H & G before his retirement.

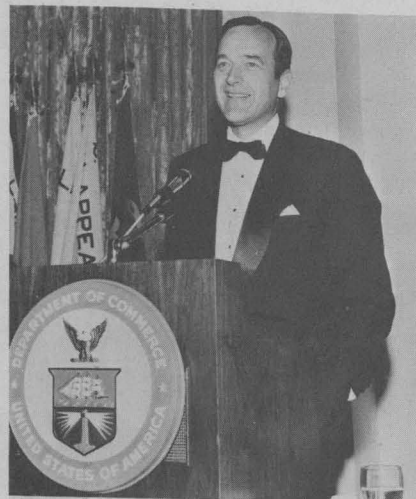

This patriotic firm has established a magnificent example for others to emulate, and with such spirit as this, our SAR Building Fund project is assured of ultimate success.

Another instance of the outstanding interest and cooperation of this corporation is that the SAR is listed in the Palm Beach telephone directory as 832-3887, which is Halsey & Griffith's number. Calls to this number are immediately referred to one of the aforementioned compatriot-officers for further information about the SAR.

The SAR salutes the ROTC, and annually honors qualifying cadets and midshipmen throughout America with the coveted SAR-ROTC Medal.

THE OLDEST VOLUNTEER

Henry Francisco was born in France in 1686. When he enlisted as a Private in Capt. Burroughs' Company, Col. Warner's Regiment of the Continental Army on January 15, 1777, the elderly soldier was 91 years old. He was discharged on April 20, 1778, and survived for another 42 years, dying on October 25, 1820 in Whitehall, New York, at the age of 134 years. He had been present at the coronation of Queen Anne of England. Twice married, he was the father of 21 children.

HAS THE YWCA GONE MAD?

At the October 1972 meeting of the National Board of the Young Women's Christian Association (YWCA) the following resolution was passed:

That the YWCA of the U.S.A. support: Federal legislation providing for the licensing of all gun purchasers, users and owners and the registration of all firearms, including ammunition and all other of their component parts; and for the banning of the domestic production, sale and possession of all hand guns not suitable for such purposes as law enforcement, military and licensed guard use, sport shooting and hunting.

The YWCA has made it clear through subsequent statements in the January 1973 official YWCA Magazine that they intend to use the full political and financial clout of the organization to achieve the goals stated in their national resolution.

You may be supporting the anti-gun propaganda campaign of the YWCA if you contribute to the local United Fund Campaign in your area!

WHAT CAN YOU DO?

Join the Citizens Committee for the Right to Keep and Bear Arms!

Formed in 1971 by a group of responsible businessmen, educators, legislators and religious leaders concerned with our diminishing "right to keep and bear arms," the Committee is the only national, mass membership organization concerned solely with preserving your right to possess firearms.

Membership in the Committee entitles you to a subscription to the Committee's informative, bi-monthly Newsletter, action bulletins, and other membership services including pro-gun brochures, bumper strips, decals, buttons, patches and a legislative action kit. The Committee also maintains a pro-2nd Amendment Speakers Bureau which is operated out of the national office of the Committee.

All new members will receive a copy of "Our Vanishing Freedom: The Right to Keep and Bear Arms" a book published by the Committee which is now into its second printing. Authored by James Whisker, PhD, with an introduction by U.S. Congressman Bill Archer, the book has been acclaimed "the most authoritative and readable book yet published on the gun controversy."

Did you know that the Oration Contest is one of the most exciting and rewarding programs of the SAR Annual Congress?

Don't procrastinate! Start now to select and develop an orator for your chapter. He may ultimately represent your state society next June at Baltimore, Maryland!

1974 RULES FOR THE DOUGLASS G. HIGH HISTORICAL ORATION CONTEST

1. The Douglass G. High Historical Oration Contest for male High School Seniors, Juniors and Sophomores, conducted by the National Society, Sons of the American Revolution, will be held June 23, 1974. It will be conducted for the twenty-sixth time as part of the Eighty-fourth Annual Congress at Baltimore, Maryland, June 23-26, 1974.
2. Each State or Local Society shall make available to Senior High School speech teacher, history teacher and/or principal in public, parochial and private schools the information regarding this contest as early in the school year as possible.
3. When more than one school is involved, a local and/or state contest must be held to determine the winners. A contestant once eliminated may not enter another Douglass G. High contest this year.
4. The expenses of the winning contestant from each state to the Annual Congress shall be paid by either a local chapter or State Society.
5. When an entry is the winner of a contest among several State Societies, the word "district" may be substituted for the word "state" in these rules.
6. In any local or state contest, any male member of the sophomore, junior or senior class of a Senior High School shall be eligible to enter, subject to such supplemental rules as the State Society may provide. However, all local and state contests must be conducted, without exception, according to these national rules.
7. Only the first place winner of a National Contest will be ineligible for participation in subsequent National Society contests. A State Society may select as first place winner in its own contest a student who may not be eligible to participate in the National Contest.
8. **This contest is for original orations** of not less than five minutes or more than six minutes and shall deal with American History of the Revolutionary War Period: Personality, event or document, and its relationship to events of today.
9. Before an entry is permitted to speak in a state contest, each State Society chairman must obtain from him a copy of his speech, a photograph, and a biography (to include age, home address, school, year in school, and honors and attainments both in and out of school). These data of its top three winners shall be promptly forwarded, together with the official entry blank provided, to the National Committee for determination of the entry's compliance with these rules. **These data must be received by Joseph W. McLark, Chairman, 1525 Eighth St., Alameda, Calif. 94501, by June 9, 1974, two weeks prior to the contest.** Entry blanks will be mailed January 1, to state chairmen when known, or to the state president.
10. Entries in the National Contest must be present twelve (12) hours prior to the scheduled time, prepared to participate in any elimination considered necessary by the National Committee.
11. No applause is permitted until all contestants have finished speaking.
12. Each speech must be essentially the same as the script submitted, and no notes may be used. Electronic amplifiers shall be used.
13. All judges in this contest must be members of the SAR and, as far as possible, members of entities not competing.
14. A committee of judges will select the winners on the following basis:
(A) Composition (E) General excellence determines the final decision;
(B) Delivery these criteria to be used only in case of disagreement
(C) Logic on the four other points.
(D) Significance
15. Contestants will be penalized two (2) points for each minute, or fraction thereof, over or under the time specified.
16. Awards: First prize, \$350; second prize, \$250; third prize, \$100; all contestants not winning first, second, or third prize, \$25. Suitably engraved money clips to all contestants. Supplemental awards are often offered by members of the Society.
17. Contestants are welcome to attend all events of the Congress. Each will receive a complimentary guest registration from the host Society.

The National Association of Secondary-School Principals has placed this program on the Approved List of National Contests and Activities for 1973-74.

"Lafayette, We Are Here!"

At the Picpus Cemetery in Paris, annual memorial ceremonies at the grave of Lafayette are conducted by the Society in France, SAR, with the usual distinguished assemblage. Admiral Bringle, Commander of U.S. Naval Forces in Europe, is shown replacing the American flag at the site. Also present were: Count Rene de Chambrun, President of the Society in France, SAR; Mr. Alain Poher of the Chamber of Deputies; Mr. Achille Fould, representing the Republic of France; the Mayor of Paris; the Prefect of Police; the Military Commander of Paris; the President of the Senate; Mr. Jacques Rueff of the Institute of France; and the U.S. Ambassador to France, Hon. John Irwin.

The Freedom To Fail

BECAUSE FAILURE is repugnant to a welfare-oriented society, we see continued efforts made to put a floor under everything.

This includes a spreading attempt to bolster up faltering business firms or even whole areas or industries by government grants, loans, subsidies, defense contracts, and the like.

Ironically, the greatest danger to our economic system today lies not in a direct attack on profits, but in a well-meaning effort to insure everyone against failure. To put it bluntly, this means subsidizing inefficiency; it is the antithesis of the effective operation of the profit motive.

We are in danger of losing one of our greatest freedoms: the freedom to fail. Profit and loss are two sides of the same coin; take away one side and you take away the whole coin. Our greatest economic asset is the right to invest private capital in the hope of making a profit, but at the risk of losing our shirt.

VOLUME 2 OF THE FEDERAL LAND SERIES

is ready now for **PATRIOTIC SOCIETIES**

A new, important volume dealing with land grants made for service in the American Revolution.

FEDERAL BOUNTY-LAND WARRANTS OF THE AMERICAN REVOLUTION by Clifford Neal Smith

This outstanding work is of particular interest to genealogical researchers seeking evidence of Revolutionary War services of ancestors.

The assignability of bounty-land warrants based on certificates of military service made possible a vigorous business in large-scale land speculation. This relatively neglected aspect of American land policy is thoroughly illuminated in Smith's book, clearly showing the identities of the major land speculators and the extent of their holdings.

This volume also provides much more information of great value: it lists bounty-land warrants exchanged for scrip, it provides exact tract descriptions for certain Ohio counties, it reveals the extent of political intervention in locating land grants, it includes "caveats" or warnings of fraudulent warrant cases.

Cloth ISBN 0-8389-0144-1 (1973) \$20.00

Volume 1 of the Federal Land Series

A CALENDAR OF ARCHIVAL MATERIALS OF THE LAND PATENTS ISSUED BY THE UNITED STATES GOVERNMENT, WITH SUBJECT, TRACT, AND NAME INDEXES, 1788-1810

by Clifford Neal Smith

From the founding of the U.S., the "land office business" was a major activity of federal and some state governments. Records of patents granted plus related facts constitute a giant record of archival materials with great value to a wide audience. Three-way index.
