President General's Message

My dear Compatriots:

This condensed issue of the magazine comes to you for the specific purpose of highlighting the plans for the Golden Gate Congress at San Francisco on July 8, 9, 10 and 11 and the Golden Gate Marathon Membership Contest which has been extended to April 20, 1951.

In order to come within the magazine budget for this year it has been necessary to curtail this issue to eliminate many of the things that have been generally approved in past issues but which we cannot include here because of the lack of pages. We expect that the May issue, which will come out before the Congress will once again be in the form which has had so much approval and in that issue we hope to re-establish "News from the States."

I request each State Secretary to submit to the Editor of the Magazine a brief statement of the activities in his State so that it will be in the Editor's hands not later than April 30th.

There has been persistent demand for inclusion of state news and we believe the magazine should carry a section every issue for this purpose. This department cannot be successful unless each State Secretary sends in the news. It requires real cooperation.

Also, I sincerely hope that the State Registrars and Officers of the State Societies will see to it that all membership applications, which are in process and have not been forwarded to Headquarters, may be finished up and sent forward without delay so they can be counted in the membership contest as of April 30th although we will consider all applications dated before April 30th and received in Headquarters by May 7th as being counted in the Contest.

The number of members procured by some of our Compatriots is outstanding and you are going to be delightfully surprised when the results are made known. We will not reach our hoped for goal but nevertheless the showing is creditable.

Since last reporting to you, Mrs. Hall and I have visited several additional states and find that the Society as a whole is in a healthy condition. A good deal of enthusiasm exists and there are more members working and thinking today for the good of our Society and the good of our Country than at any time in my experience.

It is my sincere hope that each month more and more of our members may take an active part, not only in the affairs of the local chapters and the state societies, but also in the National Society and that our educational work in good citizenship may go forward strongly.

Remember that our Society is leading the way in educating the public to think about the elements of good citizen-

ship. Let us each one do our part and our beloved Society will attain the position in the affairs of this nation which it so justly deserves.

Looking forward to seeing many of you at the Congress in San Francisco in July, I am

Sincerely yours,
WALLACE C. HALL
President General

SAN FRANCISCO AND THE 66TH CONGRESS

Mark July 8th through 11th as the highspot of your year. No matter how you wend your way to the City by the Golden Gate, its cosmopolitan glory will enthrall and delight you for your magic stay in the nation's most cosmopolitan city.

Your headquarters hotel will be the world-renowned St. Francis, whose great gray bulk towers majestically above Union Square, green and colorful above its four stories of underground garage. Around the square cluster a score of hotels, with suitable accommodations for every purse. Reservations will be at a premium because San Francisco's cool July draws scores of other conventions and tens of thousands of tourists. Fill in the blank you'll find in this issue of the *QUARTERLY*, and you'll be sure of assignment. Or write direct to the hotel of your own choice.

The plans for the Congress insure ample time for sightseeing and for shopping in the afternoons. Three hours will be free each day. There will be a tour of Chinatown, largest Chinese settlement outside Asia. Sights and sounds unique in America will greet you in its bazaars and quaint shops. Buses for a tour of the forty-nine mile drive through the city, from Ferry Building to Cliff House, from Twin Peaks through glorious Golden Gate Park will be on hand.

Fisherman's Wharf, where the colored boats shuttle back and forth as you dine on such rare seafoods as Abalone, Olympic Oysters, giant Crabs, tiny, luscious shrimp, fresh Salmon, bass, barracuda, sword fish, and scores of other epicurean dishes, will be ready to charm you. Fantastic sidewalk flower stands will offer color, scent and blooming beauty as you roam San Francisco's Paris-like shopping district. In fact, San Francisco's shops bring many of their style lines direct from the City of Fashion—and we've added a few ideas of our own, to match our outdoor moods and methods of living.

Wonderful to behold is Golden Gate Park, where swordferns spread their spears and tree ferns tower gracefully for twenty feet above beds of brilliant flowers. Miles of treelined drives take you through this wonderland, to come

out beside the booming surf of the Pacific, and the barking sealions on the Cliff House Rocks beside the Golden Gate. You'll see the hulking tankers shouldering into the great, green-gray swells rolling in from the Orient.

Redwoods, towering as high as twenty-story buildings are a few minutes drive across the Golden Gate Bridge. And California's cornucopia of sights and scenes pours out around San Francisco in an endless stream of wonderment for you who choose to linger and explore.

Fine food is a tradition in San Francisco. Every nation is represented in the bounty of restaurants our city affords. Enrico Caruso said it best. He once sighed, after a San Francisco feast, "There is a diabolical mystery to your San Francisco. Why isn't EVERYONE fat?"

What will the weather be like? That's easy. It will, in San Francisco itself, surely be cool—between 55 and 70 degrees. The noons will be bright and sunny, the evenings cool to cold, with

the gray fog that is our incomparable air conditioning system making topcoats and warm wraps welcome. July in San Francisco is one of our coolest months. Inland a few miles, dry warmth is prevalent. When it's 50 in San Francisco, it's 100 in Sacramento, 100 miles away. The humidity seldom rises as high as 40.

Now about our Congress and our headquarters hotel. We shall meet in the lovely Colonial Ballroom, and the Italian Banquet Room, according to present plans. Our opening Memorial Service will be held on Sunday, July 8, at 4 P.M. in Grace Cathedral, atop Nob Hill. Registration starts Sunday Morning on the Mezzanine floor of the St. Francis. But make your reservations now—we have a limited assignment of rooms in the St. Francis, and blocks of first class accommodations in the many other famous hotels within two blocks—The Clift, The Sir Francis Drake, The Drake-Wilshire, The Stewart, and many more.

SAN FRANCISCO—AMERICA'S MOST COSMOPOLITAN CITY

There is much to see, much to do, in this fascinating metropolis. Here are a few of the things you must not miss:

Swing aboard one of the cable cars and high you go, up the hills. Buy flowers from the colorful sidewalk flower stands. Explore fabled Chinatown—where America seems suddenly to be six thousand miles away. Visit the Oriental telephone exchange where calls are given by the twenty-four hundred subscribers' names instead of by numbers.

Don't miss Fisherman's Wharf—a bit of Naples to the eye, a bit of heaven to your nostrils if you love fresh seafood. Drive on down the Marina, view the gay boats in Yacht Harbor. Survey the city by night atop Telegraph Hill where you can see both great bridges, Alcatraz seemingly so close!, Treasure Island, Russian Hill, Nob Hill—all of the city spread before your feet.

You shouldn't leave San Francisco without a visit to the Golden Gate Park whose thousand acres are a paradise reclaimed from the sand dunes. This, the place where a local newspaper in 1880 said, "a blade of grass cannot be raised without four posts to support it," is now one of the beauty spots of the world—a garden of drives, lakes and groves. Here can be found the De Young Museum, rare and colorful tropical fish in

the Steinhart Aquarium, the remarkable African collection of animals in the adjoining Academy of Sciences Building. You would not want to miss a walk through the nearby Oriental Tea Garden. We suggest that you stop there for a cup of tea. If you have the time, drive on out to Fleishhacker Pool (the largest outdoor swimming pool in the world) and walk through the magnificent zoo next to it. Return downtown by way of the residential districts, taking the winding road up to Twin Peaks—the lookout place that shows you all the city and the surrounding Bay and Mt. Davidson, highest of San Francisco's peaks. Stop at Mission Dolores, the church where San Francisco was born, for a quiet restful visit to the past.

Fine food is traditional in this city. Every nation is represented. One may truly "eat around the world in San Francisco." French, Italian, Swedish smorgasbord, German, Russian, Spanish, Chinese and Japanese. Enrico Caruso put it best. Saturated in San Francisco food once, he sighed: "There is a diabolical mystery to your San Francisco. Why isn't everyone fat?" You will have to discover the restaurants that please you, you must explore our magnificent hotels, you must take the time to find that part of San Francisco that pleases you best.

Cosmopolitan San Francisco's Fisherman's Wharf lures all visitors to dine on the world's most delicious seafoods, while the colored fishing craft shuttle back and forth below them.

Notes from the Executive Secretary's Memo Pad

Thanks to the promptness and efficiency of the District of Columbia Fire Department, our Headquarters Building suffered comparatively little damage in the fire of February 6, which originated in the building under construction on the property adjoining ours. Damage was confined to burned frames and broken windows, smoke and some water. No damage was done to records or books, and despite the dirt and confusion the staff continued to carry on as usual. At this date most of the damage has been repaired and the building will continue to be a source of pride for our membership. All damage was fully covered by insurance and the settlement has been ratified by the Executive Committee and the Board of Trustees.

The Daniel Boone Chapter, of Charleston, West Virginia, contributed a fine rhododendron shrub for the landscaping of the Headquarters. The rhododendron is the state flower of West Virginia. Possibly other states may wish to follow suit and make similar contributions for the grounds. We are inviting suggestions and contributions.

Members of our Society who may be in a position to authorize the placing of advertising in our magazine should advise the Executive Secretary and make arrangements for space. The "pulling power" of the magazine has been demonstrated by the fact that within two weeks following the issuance of the November magazine, the supply of Historical Art Calendars was exhausted and we were forced to return cash and stamps to many whose orders we were unable to fill.

Visits by the Executive Secretary to the various State Societies during the past few months reveal a desire on the part of State and Chapter officers for more information on the activities of the National Society. It is hoped that more of these visits may be made possible in the future.

The value of the recently adopted notification card which is sent from Headquarters direct to the new member has proven its popularity by the number of messages of acknowledgement from recipients.

Don't forget that the closing date of the "Golden Gate Marathon" membership contest has been extended to April 30. There is still time, if you hurry, to get those applications in and win one of the prizes. One additional application may make the difference between winning and losing. It looks like a close finish between three or four Compatriots for that first prize, but we will not be surprised if some "dark horse" comes through at the finish.

HAROLD L. PUTNAM

Digest of the Minutes of the Meeting of the Trustees of the National Society of the Sons of the American Revolution Saturday, March 17, 1951

Minutes of the Trustees meeting of October 14, 1950, were approved as published in the November issue of the Magazine.

The President General made a brief report with recommendations concerning the need for the creation of a follow-up system to maintain the enthusiasm generated by meetings in the various districts, and urged that the Vice Presidents General make this their immediate objective.

The Treasurer General presented his report which was discussed and upon motion was received and filed.

The Treasurer General moved that the Lum Memorial fund of \$100.00 be used for the purchase of an onyx desk pen set for the marble table in the Reception Room at Headquarters and that the \$25.00 contribution of Compatriot George Albert Smith be used to purchase a leather desk pad for the same table. The motion was seconded and carried.

The Executive Secretary presented his report on the damage sustained at Headquarters as a result of the fire which occurred in the building adjoining our property, on February 6, and stated that the settlement of claims amounting to \$6,130

had been approved by the Executive Committee and that the amount was ample to cover all repairs. The Executive Secretary also included a report on behalf of the Secretary General and the Registrar General. On motion the reports were received and filed.

The minutes of the Executive Committee meetings of January 27, 1951 and March 17, 1951, were read and approved.

In compliance with a request, the Executive Secretary read the detailed survey of the damages and insurance adjustment.

A motion to approve the Executive Secretary's report in its entirety was moved, seconded and carried.

The meeting was recessed until 2:00 P.M. to permit attendance at the luncheon arranged by the Benjamin Franklin Chapter.

Following a report on the "Golden Gate Marathon" by Compatriot Clarence E. Shriner, it was moved, second and carried, that applications received at Headquarters to and including May 7, will be counted in the contest.

It was moved, seconded and carried that the Board of Trustees recommend to the Congress in San Francisco, that dues of non-professional military members in actual service be remitted during their period of service.

It was moved, seconded and carried that a committee of three be appointed to study retirement plans and social security benefits and make recommendations for a plan to be adopted by the Congress for the benefit of the employees of the organization.

The Executive Secretary read a resolution adopted by the Chapter Conference in Buffalo, New York on December 9, recommending the organization of a speakers' bureau and the compilation of information and suitable material on activities. No formal action was taken, but the President General asked Compatriot Babb to cooperate with the Executive Secretary in assembling lists of sources of suitable material.

It was moved, seconded and carried that the sum of \$300 be paid to Compatriot Harold L. Putnam for the extraordinary services performed in connection with the

double rehabilitation of Headquarters.

The report of the Budget Committee covering a budget from April 1 through July 11, was adopted on motion duly made, seconded and carried.

The Executive Secretary presented a report on the transportation facilities to the Congress. After considerable discussion of the various plans, it was moved, seconded and carried that a Transportation Committee composed of Compatriots Barry T. Whipple, A. Herbert Foreman, and George S. Robertson be appointed to work out a plan and publish it in the next issue of the magazine.

The Executive Secretary read a communication from Compatriot Wheaton Brewer advising that one hundred rooms had been reserved at the St. Francis Hotel in San Francisco and that additional facilities would be available at other nearby hotels.

It was moved, seconded and carried that the money received from the insurance settlement be expended as authorized by the Executive Committee and that any excess be credited to the rehabilitation fund.

A motion expressing appreciation of the hospitality of the Benjamin Franklin Chapter was adopted unanimously.

WHAT IS THE SCORE!

What is the score! Sounds familiar to all Americans—baseball, basketball, football, golf—what is the score! But we're thinking about something much more important just now, something that affects every American. How will America come out in the present world crisis? Will our country be able to retain its basic principles as established by its founding fathers? Will it maintain what we call the "American Way of Life" in the face of all the pressures and cross-currents of the times? What will be the final score? The answer is terribly important to every American citizen.

This is what our "STRONG FOR AMERICA" Campaign is all about. What we want to do is to build a strong, patriotic society, so that we can be sure to do our part—and more—to assure that our American way of life is maintained. And it is our responsibility to be in the forefront in building a stronger and better America. We are, by virtue of our descent from Revolutionary ancestors, a privileged group. People in America expect more from us by reason of our ancestry. So we must become a significant organization in the life of America in this critical day and age.

The "GOLDEN GATE MARATHON" as one phase of the "STRONG FOR AMERICA" Campaign has steadily gained momentum. This phase has as its objective the enrollment of a great number of new members. This is the first essential. How can we properly serve—how can we properly make our objectives live—how can we properly make our fine program effective—unless we have a membership large enough to do this?

What will be the score—what will be MY score—when the membership totals are compiled on May 7th? Yes, this is the final date for getting all applications into our National Office in Washington. That date will mark the final date in the "GOLDEN GATE MARATHON."

In a recent letter sent to National State and Chapter leaders, Chairman Clarence E. Shriner of the Organization Committee said:

"The 'GOLDEN GATE MARATHON' in the 'STRONG FOR AMERICA' Campaign has been extended to May 7th, 1951. This has

been arranged because the National Society Bulletin for November 1950, which carried information about the Campaign to all members, was caught in the rail strike and after that, the flood of Christmas mail, so that some of our Compatriots did not get the magazine until after January 1st. This additional time will allow opportunity to clear all prospects. Applications received in our National Society Office by May 7th, will count in the MARATHON.

"So far, returns from 21 Chapters in 15 States show objectives indicating a net gain of 213 members by April 30th, 1951 over October 31st, 1950. It is reasonable to assume that all Chapters will do as well or better. Even this modest rate of growth by all Chapters would make a net gain in members Nationally for the six months of the GOLDEN GATE MARATHON of 2360. Let's get behind this Campaign with all the drive at our command during the remaining period. Make the time count! Don't hold up transmittals for any reason. The success of the Sons of the American Revolution in these critical days in terms of stability for our Country transcends anything else.

"Remember—our boys are fighting a grim struggle today. Many are dying on battlefields to hold back the communist aggressors. Regardless of our own personal opinion about government policies we can do no less than build a strong patriotic organization at home to back up these boys and help make secure the principles for which they fight. Our society may become increasingly important in the life of our Country, if we make it so.

"As Chairman of your Organization Committee I ask for and naturally expect the full support of every Compatriot in our Campaign. I appreciate what has been done so far but we must do more in order to achieve success. I'm counting on you, your Chapter and your State to come through with nice gains.

NOW IS THE TIME!"

Working as a team in behalf of a great cause—our Country—we can make the next few weeks of the MAR-

ATHON the most productive period in the history of our Society in bringing in new members. On May 7th our Society membership should be the highest in our history and it will be if YOU—and YOU—and YOU do your part. What will be our National Society score on May 7th? What will be your State Society score on May 7th? Your Chapter score? As—that's up to each of us, isn't it.

WHAT WILL BE YOUR SCORE!

This is . . .
